## MILK INSPECTION COMBINED WITH INSPECTION OF LIVE STOCK

Two Changes Made By Board,  
McFarlane For Claussen,  
Patrick For Benedict

RAISE ZAISER \$25,  
AND CUT DOMANN \$25

Quickly Go Through List of  
Appointments at Ses-  
sion Today

**BOARD APPOINTMENTS**  
Superintendent of farm and hospital—Dr. H. E. Zaiser, re-appointed.  
Physician—Dr. A. H. Domann, re-appointed.  
Stock and milk inspector—Dr. W. S. McFarlane, Anaheim, succeeds G. W. Claussen.  
Aid commissioner—W. S. Gregg, Orange, re-appointed.  
Purchasing agent—J. S. Perry, Santa Ana, re-appointed.  
Court house janitor—Daniel H. Patrick, Santa Ana, succeeds G. M. Benedict.  
Fire and game warden—W. E. Adkinson, Trabuco, re-appointed.  
Park custodian—Samuel King, county park, re-appointed.  
Bee inspector—J. E. Pleasants, Silverado, re-appointed.  
Representative at Los Angeles Chamber of Commerce—D. W. McDannald, re-appointed.  
Members of Board of Forestry—R. E. Larter, Wintersburg; A. E. Bennett, Tustin; both re-appointed.

At its meeting this morning the Board of Supervisors, in making board appointments, announced that the inspection of milk and dairies will be added to the duties of county stock inspector. Dr. W. S. McFarlane, a veterinary surgeon of Anaheim, for two terms county stock inspector, was appointed to the position.

There was also indicated the intention of the board to establish a highway maintenance department. The maintenance of paved roads hitherto has been done under the direction of the County Highway Commission, which has finished its work. It is proposed to continue the work with the same equipment under a superintendent to be named by the board. The appointment was passed over this morning.

**Change in Janitor**  
Following the re-organization of the board with the advent of the new terms of the supervisors from the First and Third districts, but two changes in the personnel of board appointments were made. Dr. McFarlane succeeds G. W. Claussen of Anaheim as stock inspector and Daniel H. Patrick of 1233 West Fourth street succeeds G. M. Benedict as court house janitor. Patrick will appoint his own assistant. J. F. Kinley has been Benedict's assistant.

**Made by Motion**  
Following a conference this morning, the five supervisors made the appointments by motion, each motion carrying unanimously. First came the position of superintendent of the county hospital and county farm, which place has been successfully and admirably filled by Dr. Harry E. Zaiser. His appointment carried with it a raise in salary of from \$150 a month to \$175.

Next came the county physician, with applications from Dr. A. H. Domann, Dr. John Wehrly and Dr. W. C. DuBois. Dr. Domann was re-appointed, his salary being reduced from \$125 a month to \$100.

**For Milk Inspection**  
Chairman Talbert said it is the intention of the board to have the county stock inspector become county milk inspector, with his salary raised from \$75 a month to \$100. Petitions from the Ebell Society of Santa Ana, the Ebell of East Newport, the Tuesday Afternoon Club of Garden Grove, the Round Table of Placentia and from two officials of the Women's Federation were read. They asked that milk inspection be instituted.

C. F. Heil as a committeeman for dairymen said that the dairies wait inspection, for through it they will be able to grade their milk.

"We want uniform, strict and consistent inspection," said he. "We want a man who understands milk and dairies. Because a man knows horses is no sign he knows the milk business."

The application of A. L. Ford of Fullerton for milk inspector, and the applications of Dr. F. C. Wright of Santa Ana and Dr. W. S. McFarlane of Anaheim for stock inspector were read, and Mr. McFarlane was appointed. The district attorney is to advise the steps to be taken for the combination of the jobs.

Gregg as aid commissioner, Perry for purchasing agent, Adkinson for fire and game warden, King for county park custodian, Pleasants for bee inspector, McDannald for county lecturer and Larter and Bennett for members of the forestry board, were re-appointed without contest. When the forestry board organized Larter and Bennett drew the two-year terms. They are re-appointed for four years.

**Ends Long Service**  
George M. Benedict, whose service

## Withdrawal From Mexico Looms as Parley Nears End

Americans Recommend To  
Wilson That Sessions  
Be Closed

WASHINGTON, Jan. 3.—The American members of the joint commission will this afternoon present President Wilson with a recommendation for closing the sessions. Before seeing President Wilson, they will draft an answer to Carranza's rejection of the withdrawal protocol. This means that the sessions will be automatically ended.

The members will inform President Wilson that they have done their best and believe it useless to continue the sessions. It is doubtful if they will leave a loophole for a resumption of the sessions regarding conditions after withdrawal. In the meantime, preparations indicate a Pershing withdrawal soon after the closing of the sessions.

While working to compose the troubled situation, administration officials privately fear that Villa is fast getting the upper hand in Northern Mexico, and that Carranza's regime will crumble unless a quick uplift comes.

It became known today that Carranza's diplomats, including Eliseo Arredondo, are returning from the United States and Central and South America and Europe to Mexico for a conference which will inaugurate a new commercial policy for the republic.

## NAB 4 IN ARMS PLOT

NEW YORK, Jan. 3.—Juan T. Burns, Mexican consul general here, today was arrested, charged with conspiracy to violate American laws to smuggle arms and munitions into Mexico. Three are also held. It is charged that they shipped arms as "hardware."

## MASQUE RADING AS POLICE, TWO MEN WORK ON WEST THIRD

Berry Stice Has Experience  
With Imposters At His  
Home Last Evening

"It is lucky for you that you turned that light on; for they might have been a dead butcher around here now had you not turned it on when you did."

This was the greeting Berry Stice received about 7:15 last night from one of two men whom he found on his front porch and who said they were police officers.

None of the local police officers were in the neighborhood at all last night, and it is believed that men intended robbing the Stice home.

They, perhaps, were as much surprised when Stice turned on the porch light as was Stice when he found them standing on the porch.

When questioned, they said they were working that part of town and one of the men exhibited a star.

A little later the men returned to the place and were standing on the walk in front of the house when Stice again turned on the porch lamp prior to the departure of himself and wife for the home of the former's brother, Albert Stice, on Eighteenth street.

"Don't you know us?" said one of the men to Stice, on the second meeting. Stice replied that he did not. The impostor did not volunteer his name.

Stice and his wife went to the home of Albert Stice, and the two men returned to the Stice home on West Third. When they got there they found the kitchen light burning, but no evidence of anything in the house having been molested.

The police office was informed of the occurrence and John Ryan went out to investigate, but found nothing that would give a clue to the men.

## GOVERNORSHIP FIGHT IN ARIZONA AWAITS DECISION OF COURT

PHOENIX, Jan. 3.—The gubernatorial situation today remains the same, pending the court decision tomorrow. Governor Hunt still holds office. He issued a statement to the United Press, inviting Thomas E. Campbell to meet him half way in getting a speedy settlement of the contest proceedings. He says:

"I acted according to my judgment and fully within my legal and moral rights in refusing to yield office."

as court house janitor ends, has been in the continuous service of the county longer than any other man connected with the county government. He became janitor twenty-three years ago when the county offices were located on East Fourth street. J. F. Kinley has been his assistant for sixteen years.

## CANNERY CHIEF TO MEET WITH FARMERS HERE TOMORROW

1000 Acres Products Already  
Signed For Plant On East  
First Street

Additional links in the chain that guarantees the opening of the old cannery building on First street next summer will be forged tomorrow when R. H. McIntosh, field superintendent of the California Packing Corporation, will meet farmers at the Chamber of Commerce and discuss with them the matter of their growing products that are sought by the corporation for canning purposes, namely, Refuge beans, pimientos and Chiles.

McIntosh will be at the Chamber of Commerce at 10 o'clock tomorrow morning. He was to have been there last Friday but was unable, owing to a delay caused by the rains.

McIntosh already has signed up 1000 acres of pimientos and chilis, mostly in the Garden Grove and Newhope districts. He is desirous of getting farmers in the vicinity of Santa Ana to sign up between 300 and 400 acres of Refuge beans.

Secretary Metzgar of the Chamber of Commerce states that farmers in this section are taking a keen interest in the proposition.

## TAKES TWO RIFLES AND SHOTGUN TO KILL BIG MALE MOUNTAIN LION

George Harris, Aliso canyon rancher, tried out all his shooting irons before he finally killed a big male mountain lion that is credited with feasting off of some choice porkers that have been feeding on acorns in the canyon.

Harris has two dogs that began running around and barking wildly during the afternoon. They kept up the noise until about 10 o'clock at night, when Harris concluded that the dogs had located whatever it was that had disturbed their poise. He went out with a 22-caliber rifle. The dogs were at the foot of a tree, in the high branches of which Harris barely made out an object. The rancher fired three times, and each shot brought an answering growl. Thinking he had better try something heavier, Harris returned to his home and got a heavier rifle. The first shot broke the lion's shoulder, and he came tumbling out of the tree, and made off down the canyon, where the dogs ran him into a thicket.

Harris concluded that for close-in shooting in the dark his chances of hitting the beast would be better with a shotgun than with a rifle, so he returned to the house, got the shotgun, and took a shot at a pair of blazing eyes in the brush. The lion went over and a second load of shot finished him. While Harris was at the house after the shotgun, one of the dogs had mixed with the lion and came out badly slashed and torn.

The mountain lion weighed eighty-five pounds and measured six feet, two inches from tip to tip. Harris will get \$25 reward from the state. Gus Straw lays the loss of three of his pigs to the mountain lion.

Harris' ranch is at the foot of the Trabuco grade.

## CHANCES OF CRAVATH MANAGING VERNON ARE EXCEEDINGLY SLIM

LOS ANGELES, Jan. 3.—Guesses by newspapers on who will be the manager of the Vernon Tigers are all wrong. Tom Darnody said last night. Thus it is practically certain that Darnody is not favoring George Stovall, Ivan Olson, Gavy Cravath and others who have been guessed. Owing to the prohibitive price set up on Cravath by President Baker of the Phillies the Cravath deal has just about gone up the spout. The prospects of Darnody getting Cravath to pilot the Tigers are exceedingly doubtful.

## "DRY" TOPIC DISCUSSED

COLTON, Jan. 3.—Since the action of the San Bernardino City Council in passing a "dry" ordinance absolutely prohibiting the sale of liquor in that city after July 1, 1917, the future move of the Colton Board of Trustees is watched with interest.

The Colton officials agreed in a resolution passed several weeks ago that in the event San Bernardino voted "dry" immediate steps would be taken to place Colton in the same condition. Because of the declaration of one Colton official that the wording of the resolution is construed to mean voting "dry" at an election and not in the Council chamber, developments in the rather peculiar situation are awaited with interest by both sides in the controversy.

## SHOW CLOSES

EL CENTRO, Jan. 3.—In the opinion of experts who visited the Imperial Valley live stock show, the affair was the most important of the kind ever held in the Southwest. It was the first held in the valley, and will be an annual event hereafter.

## \$54,000 IS PAID STOCKHOLDERS OF 3 BANKS IN DIVIDENDS

Although Demand For Money  
Is Light, Institutions Made  
Usual Profits

Stockholders in three of Santa Ana's banks opened the new year with \$54,000 more cash on hand than they had at the close of 1916.

This amount was distributed in the regular semi-annual dividends of the financial institutions. The dividends ranged from \$3 to \$9 per share.

The distribution of earnings of the bank in the six months period indicates that the financial institutions have made the usual amount of profits notwithstanding the fact that the money tied up in their vaults is in larger volume than ever before because of the light demand for cash for the operation of various enterprises.

## Interest Rate Lowered

Los Angeles banks have taken a protective measure by cutting interest on special savings accounts with checking accounts. It is said that the new rule will affect about 10 per cent of the bank accounts.

Announcement has been made by the banks that beginning with January 1, the interest on special ordinary accounts will be reduced from 3 to 2½ per cent. This applies only to the special savings accounts with checking privileges. Old depositors having such accounts will draw the old rate of interest until March 1. Term savings drawing 4 per cent, and ordinary savings, drawing 3 per cent, will not be affected by the new ruling.

Under the special ordinary account system a minimum monthly balance of \$300 has been required. Under the new ruling this minimum has been raised to \$500.

## PAPER MILLS MAY BE STARTED IN CALIF. TO WAR ON HIGH PRICES

SAN FRANCISCO, Jan. 3.—The Home Industry League tomorrow will discuss the establishment of paper mills in California to fight soaring prices. Figures will be submitted.

## RY. BILL AMENDMENT STRENGTHENS POWER OF MEDIATION BOARD

WASHINGTON, Jan. 3.—Commissioners of the Federal Board of Mediation today was requested to prepare an amendment to the proposed railway bill giving the courts the right to interpret and enforce the mediation board's awards. The Newlands committee made the request.

## FARMER-LEGISLATURE OF N. DAKOTA OPENS

BISMARCK, N. D., Jan. 3.—North Dakota's farmer-legislature got down to business without pomp or ceremony.

It was a legislative session entirely dominated by a farmers' political organization that had its birth in the idea of co-operative marketing of grain without speculation.

From the Equity Co-operative Exchange standing for the open unspeculative food market, grew the Farmers Non-Partisan League of North Dakota. This organization stood for state control of all elevators, non-speculative markets, and public ownership of public utilities. In two elections it swept into the Legislature sufficient members to control the law-making body.

## MAY USE HYGROMETER

PORTERVILLE, Jan. 3.—Orchard-ists of the Porterville district are planning to urge the passage at the next session of the State Legislature of an orange standardization law, which it is believed here will be acceptable in all parts of the state.

Under the terms of this law standardization will be based on hydrometer readings and oranges will be considered fit to ship when spindle reading of the juice of the fruit gives 11 or 12 degs., irrespective of the acid content. The suggested Federal standard is eight parts of soluble solids to one part of acid. It is urged here that insipid fruit, grown without cultivation or irrigation, frequently shows practically no sugar or other solids, and very little acid, as a result of which the ratio is very high, while the fruit may be of poor eating quality.

## COTTON LOOMS BIG

CALIPATRIA, Jan. 3.—From estimates made by the representatives of the cotton gins at Calipatria it is predicted that July 25,000 acres will be planted to cotton in 1917 in land tributary to Calipatria; July 1,500 acres will be planted in cantaloupes, while corn, barley and other crops will employ from 20,000 to 25,000 acres.

Over 10,000 grapefruit trees have been planted during the past two years and the trees have done remarkably well since some of them will come in bearing next year and the year following should produce commercially.

## New Teuton Divers Plant Mines While Submerged, Report

Another Account of Mysterious German Raider Is Brought to  
New York By Liner Captain Who Tells Activities of  
Central Powers' Latest Submarines.

NEW YORK, Jan. 3.—Reports of new German submarines, capable of laying mines while submerged, and a new report of a mysterious German raider in the Atlantic were brought here today by the liner Nieuw Amsterdam.

The captain declared that he had not only been warned to avoid the regular lanes on his return from Rotterdam, but that he had narrowly escaped destruction by a mine in Falmouth harbor. He

said that a trawler ahead of him was destroyed. The captain believes that the mine was planted by a German submarine.

The captain says that seamen believe that similar mines have been laid in all British harbors by German submarines.

The captain said that two large vessels sailing for America have not been heard of. He believes that they were captured by a raider.

## TEUTONS PLUNGE AHEAD IN BALKAN DRIVE

BERLIN, Jan. 3.—A German patrol counter-attack defeated. The enemy has been pushed back in Dobrudja despite heavy resistance.

## HALF MILLION TEUTONS SEIZED IN YEAR

By Henry Wood  
(United Press Staff Correspondent)  
WITH THE FRENCH ARMIES, Jan. 3.—Last year the allies captured more than a half million Teutons.

J. J. ENGLISH.

## NEW TEUTON BLOCKADE OF ENGLAND MAY BE LAUNCHED THIS WEEK

LONDON, Jan. 3.—"Although it may seem the limit of preposterousness," to quote the words of Routhledge Rutledge, who started the rumor in Berlin, a submarine and Zeppelin blockade of England is supposed to be established to offset England's blockade of Germany, some day this week. Quoting Rutherford:

"I know a powerful fleet of submarines is being completed for this purpose. It is said the movements of the U-boats will be guided by high flying Zeppelins, both having extra sensitive wireless. It is reported that the Germans will have 300 submarines in the blockade under command of Walter Forstmann, a German submarine commander, who is decorated with the order Pour le Merito for sinking more than 100 enemy vessels."

## SAN FRANCISCO AND LOS ANGELES SUFFER FROM COAL SHORTAGE

LOS ANGELES, Jan. 3.—This city today practically is without coal. The demand for briquets is greater than the output. Wood is being doled out.

## Week's Supply at S. F.

SAN FRANCISCO, Jan. 3.—There is only a week's supply of coal here and very little en route. Forty per cent of the dealers have no coal and others are cutting down on orders.

## BEET SUGAR SELLING AT \$6.70 PER 100 IN FIFTH BAY CITY DROP

SAN FRANCISCO, Jan. 3.—Beet sugar today is selling at \$6.70 a hundred, marking the fifth drop since December 1. Cessation of European orders is the reason given.

## RAILROAD FARES GO UP 50 P. C. IN BRITAIN

LONDON, Jan. 3.—Railroad fares went up fifty per cent in England yesterday. If the same thing had been done in the United States it would mean that a ticket from Indianapolis to New York would cost \$31.50 instead of \$21.

The government has taken over the railroads in England and its twofold; first to discourage unnecessary travel, second to keep the railroad passenger revenue at the same level.

## HONORED BY KING

SAN BERNARDINO, Jan. 3.—Lawrence E. Mallory, son of Mr. and Mrs. George T. Mallory of this city, has been decorated by King George for his bravery in connection with the battle of the Somme. Mr. Mallory is with the English forces in France, having joined the Canadian troops two years ago.

When communication was cut off and volunteers were asked to carry messages, young Mallory and a youth by the name of Padgett were chosen. Mr. Mallory writes that his duties called for messenger service across an open space swept by shell fire.

## KELP HARVEST BIG

SAN DIEGO, Jan. 3.—Kelp harvesting, operated by a power company and a fertilizer company here reaped 210,596 tons of the now valuable seaweed during the last eight months of 1916, it was announced. Officers of the company said the harvesting of kelp will be continued on a much larger scale this year.

## STONE ABSOLVES LANSING FROM ALL BLAME IN 'LEAKAGE' OF SECRETS

Information On Weakness of  
Foes Influenced Allied  
Reply, Is Word

ANSWER TO WILSON'S  
NOTE IS COMPLETED

Gerard Cables President Big  
Report Following Confer-  
ence With Hollweg

WASHINGTON, Jan. 3.—For the fourth time the Senate this afternoon refused to vote on the resolution endorsing President Wilson's note. After a stormy debate the resolution was laid over to tomorrow. After the Hitchcock resolution was put over Senator Gallinger introduced a substitute. This also went to tomorrow.

WASHINGTON, Jan. 3.—Chairman Stone of the foreign relations committee, speaking in the Senate today, exonerated Secretary Lansing from "any and all blame" for State Department leaks, which Stone said resulted from the present civil service system. This action of Stone followed a conference with Secretary Lansing.

That the administration had finally decided to tell the Senate foreign relations committee its peace plans was indicated when Secretary Lansing went to the capitol to consult the members of the committee. It is believed that the administration is more anxious for an endorsement of the note than heretofore.

## INTERNAL TEUTON STRIFE INFLUENCED ALLIES

LONDON, Jan. 3.—Authentic official information, substantiating press reports, of the seriousness of internal conditions in the Allies' decision to turn a deaf ear to peace proposals. This, it is today believed, will be strongly reflected in the phrases with which England and its allies answer President Wilson's note. The reply is reported to have been fully drafted and its dispatch is imminent.

## GERARD CABLES WILSON LONG REPORT

BERLIN, Jan. 3.—Ambassador Gerard today cables to President Wilson a lengthy report after a conference with Chancellor Von Bethmann. It is understood that they talked among other things of the Allies' unfavorable reply to the German note.

Papers at a unit in saying that the note is only answerable by force of arms. The people take the same viewpoint, saying that Germany's course is now clear.

Though it has not been decided yet what Germany will do, it is not improbable that Germany will again precisely define its views in a direct message to the neutrals.

The language of the allied reply caused not only surprise but anger that peace should be cast aside in such superficial phrases.

The Kreuz Zeitung calls it an "insult" to which the sword can be the only answer."

## ALLIED REPLY SPURNING PEACE IS CABLED

WASHINGTON, Jan. 3.—The State Department has cabled for presentation to Germany and the other belligerents whose diplomatic interests the United States represents at the Allied capitals the Entente reply, rejecting the peace proposal of the Central Powers.

## GIRL CHAMPION PIG RAISER OF MINNESOTA

ST. PAUL, Minn., Jan. 3.—Because she stayed home from parties and cared for her pigs, Miss Ruth Cunningham, 15, is champion pig raiser of Minnesota today. The award was made by the University of Minnesota agricultural school here. Ruth raised high-brown pigs.

Each day she scrubbed her pigs by hand, and followed that by giving them a shower bath. Then she massaged each pig with oil daily. Comfortable couches were arranged for the pigs in the shade of trees on her father's farm. Her pig menu consisted of milk, timothy, clover, salt, lime, coal, green vegetables—and all were served in individual troughs.

## MAN HELD AS ROBBER IN L. A. IS BELIEVED CONSTABLE'S SLAYER

LOS ANGELES, Jan. 3.—That "Tom Sharkey," the San Jacinto robbery suspect under arrest here, is one of the trio murdering Constable Emerson at Brawley last year, is the belief expressed today. It is believed that he is "Burke." The prisoner refused to answer to that name and to tell his whereabouts at the time of the crime.

## KETSCHER'S NURSERY

1045 East Fourth St.

Rejecting Crushed Rock,  
Streets Remain in Mud

At the meeting of the City Trustees last night the remonstrance against surfacing Highland, West Pine and West Chestnut streets west of Flower street with crushed rock was sustained and the weeks of endeavor for surfacing those streets where they were in the first place, just now there is nothing before the board, and those streets are muddy.

Back in the beginning there was a petition asking for gravel upon the streets. The city spent \$400 in grading Pine and Chestnut. The City Trustees agreed to gravel, but stipulated that it must be gravel, without sand. Graveling started on Chestnut, when it was stopped because there was a large proportion of sand.

The trustees then started proceedings to put on crushed rock. Last night was the time set for hearing protests, and there was filed a remonstrance bearing the signatures of the owners of 6715-42 feet of frontage out of a total of 10,956. Several protesting owners said that gravel was good enough, and what they wanted, and crushed rock was more than they wanted to pay for. They said Flower street was for years the best street in the city and it was made of gravel.

Quizzed, City Engineer Bonebrake said he did not know that the surfacing had ever been tried out anywhere. McPhee said that Flower street originally was surfaced with clean gravel, not 60 per cent sand. He said that the thing to do is to go ahead with the

contract with Mayberry & Parker, architectural engineers of Los Angeles, to make plans for a reinforced concrete bridge on North Main street across the Santiago creek.

With Trustee George McPhee protesting that the making of a contract with an architect at this stage of the game endangered the bonds, the verbal proposal of Engineer E. L. Mayberry was accepted.

**Committee Reports**

Recently the city board appointed a committee to make a report and take whatever steps it could toward getting

a good bridge on North Main. Last night that committee through its chairman, Trustee J. W. Tubbs, made its report. Engineer E. L. Mayberry of Los Angeles, designer of an Arroyo Seco bridge, was present.

Tubbs for the committee made a report outlining the bridge proposal as stated at the head of this report. He said that at present the bridge is in a bend of the creek, and he favored shoving the bridge to the north and straightening out the channel somewhat.

Tubbs called on Engineer Mayberry who said he thought the straightening of the channel a good idea, but it might call for some protective work above the bridge. He stated his proposal.

He would make a preliminary examination, a preliminary pencil design.

**MOST EMINENT MEDICAL  
AUTHORITIES ENDORSE IT.**

**A New Remedy for Kidney, Bladder and all Uric Acid Troubles.**

Dr. Eberle and Dr. Braithwaite as well as Dr. Simon—all distinguished Authors—agree that whatever may be the disease, the urine seldom fails in furnishing us with a clue to the principles upon which it is to be treated, and accurate knowledge concerning the nature of a disease can thus be obtained. If backache, scalding urine or frequent urination bother or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica or you suspect kidney or bladder trouble just write Dr. Pierce at the Surgical Institute, Buffalo, N.Y.; send a sample of urine and describe symptoms. You will receive free medical advice after Dr. Pierce's chemist has examined the urine—this will be carefully done without charge, and you will be under no obligation. Dr. Pierce during many years of experimentation has discovered a new remedy which is thirty-seven times more powerful than lithia in removing uric acid from the system. If you are suffering from backache or the pains of rheumatism, go to your best druggist and ask for a 50 cent box of "Au-ri-a" put up by Doctor Pierce. Dr. Pierce's Favorite Prescription for weak women and Dr. Pierce's Golden Medical Discovery for the blood have been favorably known for the past forty years and more. They are standard remedies to-day—as well as Doctor Pierce's Pleasant Pellets for the liver and bowels. You can have a sample of any one of these remedies in Tablet form by writing Dr. Pierce.

**FREE**—Dr. Pierce's Medical Adviser, cloth-bound, sent free on receipt of three dimes (or stamps) to pay expense of mailing only. Dr. Pierce, Invalids' Hotel, 663 Main Street, Buffalo, N. Y.

**S. B. Schumacher**  
215 E. Fourth St. Phone 915W.

an estimate of the cost, with the understanding that if the bonds are carried his firm would be retained as architects to plan and supervise the building of the bridge, the firm to be paid five per cent of the cost as its compensation. Should the bonds not be passed now or at any future time, the preliminary work done by the architects would cost nothing.

**P. E. Situation**

Trustee McPhee said that the first step the city should take would be to reach a written agreement with the P. E. as to what proportion of the cost of the bridge it would stand.

"I have been told," said he, "that to employ a designer at this time will be fatal to the bonds. At least, I am told that is the experience often repeated elsewhere. Moreover, I think five per cent is too much to pay the architect."

"I am not willing that the P. E. shall say what kind of a bridge we shall have," said Mayor Visel, "and a conference with them will be a waste of time. The only thing I would propose doing in regard to the P. E. is to take it up with the railroad commission and see what proportion we can compel the P. E. to pay, and what proceedings are necessary."

McPhee moved that a committee be appointed to see President Shoup of the P. E. as a matter of courtesy, if nothing else, and then if no results are obtained would be time enough to take it up with the railroad commission.

Tubbs said seeing the P. E. would be a waste of time, and he and Visel voted no on McPhee's motion, which carried by the votes of Greenleaf, Maryatt and McPhee, who were appointed as the committee to see Shoup.

**Motion to Employ**

Tubbs made a motion to employ Mayberry, provided he shows proper credentials. Again McPhee protested, saying that two engineers had told him that it would be fatal to the bonds to name an architect now. Tubbs' motion carried with Tubbs, Greenleaf and Visel voting aye and McPhee and Maryatt voting no.

Tubbs, after the meeting, stated that Mayberry was first recommended to the board by Attorney G. W. Dryer of Los Angeles.

**Must Toe the Mark**

Twenty-eight jitneys were granted renewal licenses. City Clerk Vegely reported that a number had not asked for renewals, but were still operating. On Tubbs' motion it was ordered that the city marshal go after and bring in jitneys without renewals.

City Attorney Scott said that Tat & Hulbert's new bond as assignees of the city garbage contract is not ready. In the meantime the Eyraud Bros. bond holds good.

**Question of Cash**

Again the problem of getting away from the county the money that is taken in in fines by the city recorder, for traffic offenses, was discussed and again the brick wall was bumped up against. The city attorney said the law is such that if collection is forced by court action Santa Ana and Seal Beach, which have motor cops and collect traffic fines, would have to divide up with the cities of the county that sit back and do absolutely nothing in the way of traffic prosecutions.

Visel and Scott said they had endeavored to get City Recorder Heathman not to turn the fines over to the county, by which step the city would have the money and any person who wanted it distributed otherwise would have to do the suing. However, they found Heathman solidly entrenched. The law directs that he turn the money into the treasury, and he follows the law.

**To Pave Halesworth**

It was reported that the 195 feet of frontage on Halesworth street between Broadway and Ross streets, 90 feet have signed for paving with crushed rock and oil, 234 feet is non-residents' frontage, and 353 residents' frontage is unsigned.

Tubbs said he considered non-residents' frontage the same as signed. The Orange County Engineering and Construction Company was given permission to enter on the street for laying gutters and curbs. When all trench work is completed, permission to start paving will be asked.

J. W. McCormac was given permission to place an electrically illuminated sign at his business college.

**Make More Noise**

Tubbs said that the Santa Ana fire trucks ought to be equipped with fire sirens such as are used in other cities. Two of them at \$32.50 each were ordered.

An arc light was ordered placed at Fifth and French, and an incandescent will take the place of the arc at Sixth and French. An incandescent was ordered for Third and Hathaway.

Tubbs declared, in favor of center suspension for the city lights. He said many arm lights are hidden in trees, and the city does not get 25 per cent efficiency from those lights. He said that later an arrangement may be made whereby police will be in a position to report upon all lights not burning. All new lights were ordered put in with center suspension.

During the discussion, Visel declared that in Manager Dehning of the Edison company, the city has a fair man to deal with.

**Paving of Hickey**

Hickey street from roadway to Garnsey is to be paved with asphalt-concrete. Steele Finley stated last night that he has well over 50 per cent of the frontage signed to a contract, and there is no possibility of getting a come-back majority such as developed on Highland, Pine and Chestnut streets earlier last evening.

The proposal was made and backed up by Maryatt that the paving be continued west one block to Flower street. No action was taken upon the matter. Maryatt's motion to order the extension got no second.

BOY CONFESSES HE  
BROKE INTO OFFICE

FULLERTON, Jan. 3.—Cecil Watkins, 17, son of Mr. and Mrs. George Watkins, East Commonwealth avenue, yesterday afternoon confessed to breaking into the office of the Fullerton Lumber Company early Monday night. The youth was arrested by Marshal French, tell-tale footprints, corresponding with Watkins', wrung a confession from him. The police believe the boy had accomplices.

Dr. Enoch, phone 602W, 411 1/2 Main. 279, Home 505.

## Pre-Inventory Bargains

Being determined to dispose of all winter merchandise yet on our shelves before stock taking and also in order to make room for our incoming large spring stock to arrive by the end of this month and during February, we have placed these winter goods on the bargain counter at prices that will move them quickly. These goods were all contracted for long before the mills and factories advanced their prices, which alone constitutes a difference of from 25 to 50 per cent in their cost and we are still selling these goods on the basis of what we bought them at and not on the basis of their present value. Your dollars will therefore be doing double duty just now when spent in our store, so lose no time in calling soon to supply your wants.

## Great Crowds of People

The great problem confronting the public speaker, the amusement promoter, the politician seeking office, and the business man, is just this:

"How can we effectually reach people—great crowds of people—without expending enormous sums?"

"What can we do to assure a hearing—or a reading—of our message by large audiences, and not pay too dearly for the privilege?"

The degree of success reached by the speaker, the promoter, the politicians, the business man, depends very largely on how much he knows of the art of reaching many people without overspending.

48,000 For 25c

For as little as twenty-five cents you can bring a message of eighteen words before an audience of 48,000 readers.

Are you aware of that?

The Want Ad method of reaching a great number of people at little expense is the most effectual known.

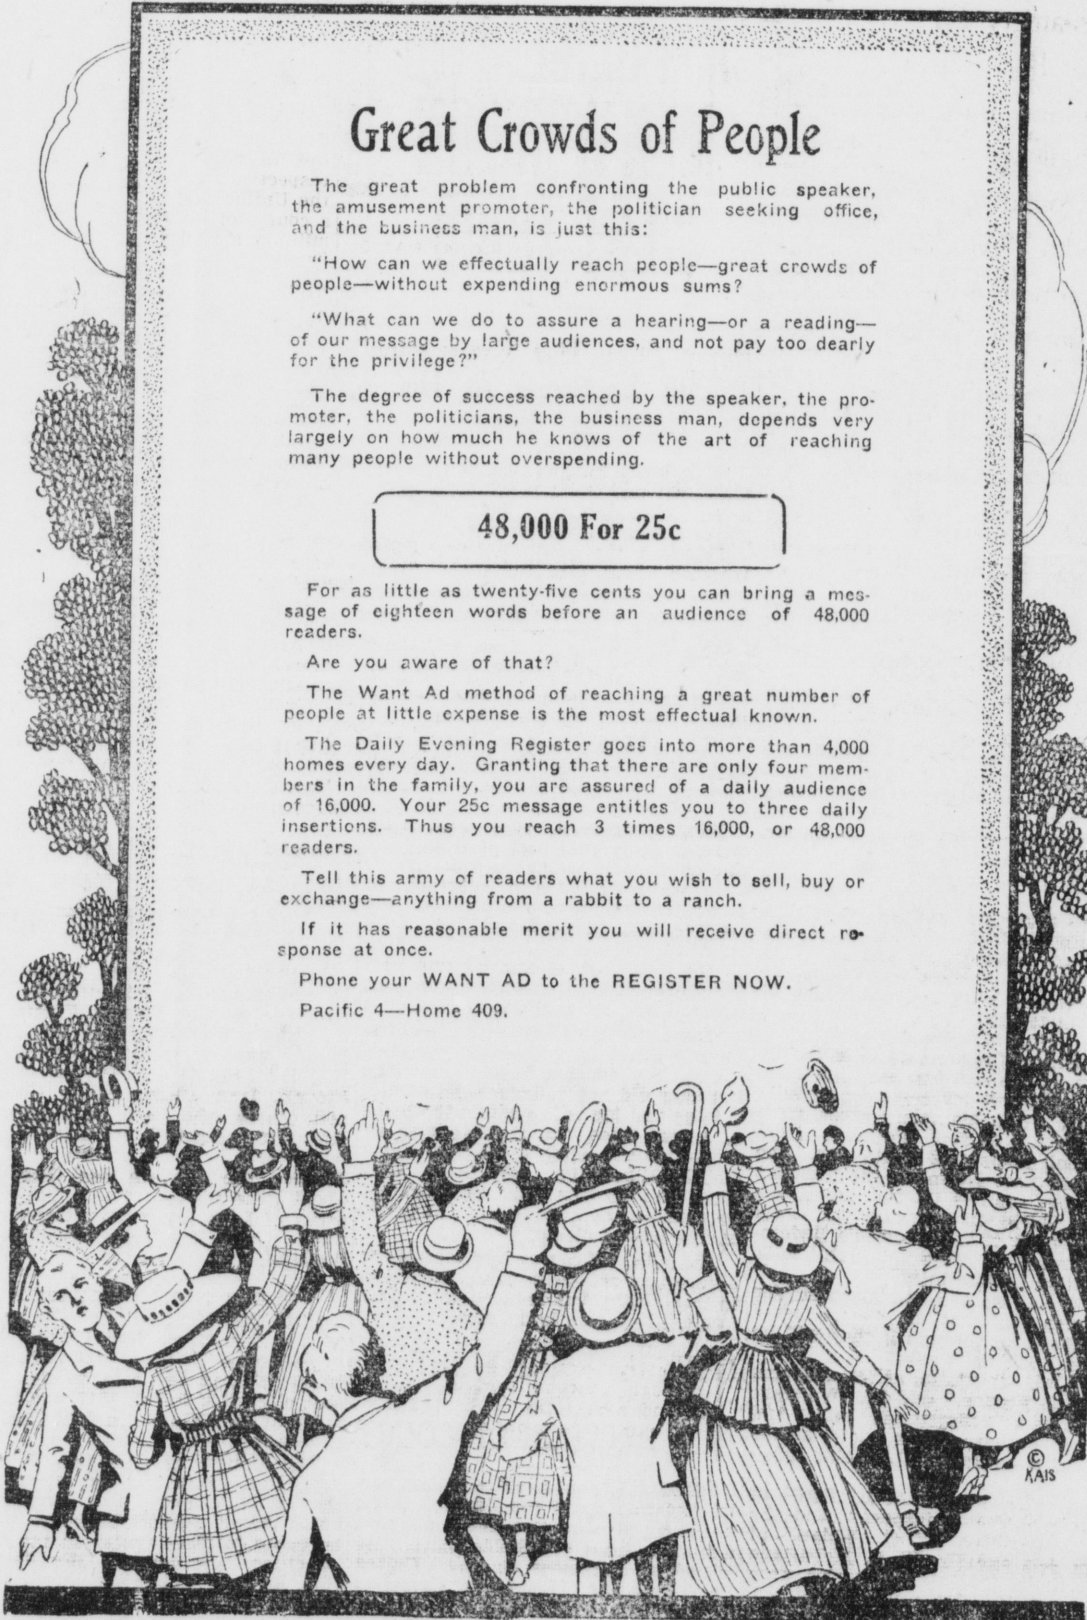

The Daily Evening Register goes into more than 4,000 homes every day. Granting that there are only four members in the family, you are assured of a daily audience of 16,000. Your 25c message entitles you to three daily insertions. Thus you reach 3 times 16,000, or 48,000 readers.

Tell this army of readers what you wish to sell, buy or exchange—anything from a rabbit to a ranch.

If it has reasonable merit you will receive direct response at once.

Phone your WANT AD to the REGISTER NOW.

## WOMAN IN AUTO SLAIN, HUSBAND FATALLY HURT BY TRAIN

Fullerton Couple Meets Disaster At Santa Fe Crossing

FULLERTON, Jan. 3.—Following an inquest held here this morning a verdict of unavoidable and accidental death was returned by a coroner's jury in the case of Mrs. Annie Key, who was killed yesterday by a Santa Fe train. The verdict exonerated the train crew from blame. Members of the train crew were the only witnesses. Coroner Winbiger tried to get a statement from Mrs. Key's husband but he is unconscious.

FULLERTON, Jan. 3.—Mrs. George Key, aged 46, formerly of Delhi, Ontario, is dead, and her husband, a wealthy orange grower, is completely scalped and probably will not survive his wounds, as the result of a collision in which their automobile was struck by a Santa Fe train.

Key, who is 51 years old, was driving with his wife over the railroad tracks at Snyder's Crossing, a mile and a half east of Fullerton. They were on their way home. Train No. 53, drawn by engine No. 1360 and running behind time, struck their car. Key and his wife's body were taken to their home on Acacia avenue.

The Keys, former Canadians, had just returned from a visit to their old home in the Dominion.

Key evidently tried to beat the train across, but miscalculated the speed at which it was approaching.

The Key ranch is only a short distance from the railroad crossing and on the same road on which the accident happened. Mr. and Mrs. Key started from home for Fullerton in their car a few minutes before 4 o'clock yesterday afternoon. Meantime Santa Fe train No. 53 from San Bernardino was speeding toward Fullerton, where it was due at 4:10 p. m.

Snyder's Crossing is free from obstructions which prevent a view up and down the track, nearly a quarter of a mile being visible in both directions. The auto had almost cleared the track when the crash came. Mrs. Key was seated in the right side of the auto and the impact killed her outright. The engine picked the car up and tossed it to the fence at the north right of way line and flung the occupants out.

## STANDING BY AUTO, RUN OVER BY STAGE, TAKEN TO HOSPITAL

ANAHEIM, Jan. 3.—Joseph Bastanchury of Fullerton was hurled into the middle of a street last night by a passing San Diego stage. He had his head and face cut badly enough for treatment at a hospital.

Bastanchury was standing beside his machine in front of the Ford garage when the San Diego stage hit both him and his machine. The stage driver says that there were no lights on the automobile that was standing on the street.

## TO SPEND \$50,000 ON LAGUNA TRACT

More than \$50,000 will be spent on improvements by Mrs. C. W. Dobbins of Pasadena, who recently purchased the Thum tract at Laguna Beach. The first work will consist of the erection of a two and a half story residence, 56x80 feet, and the landscaping of the entire tract. It is said that several large houses are to be built at Laguna Beach in the near future.

## GIRLS! DRAW A MOIST CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

Try This! Hair Gets Thick, Glossy,  
Wavy and Beautiful At  
Once

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have a doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.—Advertisement.

## OFFICERS WILL BE NEEDED IN NATIONAL RESERVE

Splendid Opportunity for Advancement Will Be Offered By Membership In Co. L

Eight more new members and Company L will have been recruited to full strength required by the new regulations. Captain Holdeman and members of the company who are assisting him in the recruiting work are delighted with the results of last week's effort, the campaign resulting in the enlistment of seventeen men. Activities will continue throughout this week, and the officers believe that the remaining eight men needed will have been enrolled by Saturday night.

Thousands of officers will be needed under the new regulations, and there is going to be splendid opportunity for young men to work to the front in military affairs. Membership in Company L should be but a stepping stone for young men who show ability and interest.

**Volunteer Officers**  
One of the most pressing problems of the War Department in connection with the proper preparation of the United States for any emergency is the creation of a reserve of properly qualified men to organize and command organizations called into service under the National Defense Act in an emergency.

Those who may be interested in preparing themselves for commissions in the U. S. Volunteers, or in the Officers' Reserve Corps will find that an opportunity is presented under the federalization of the organized National Guard. Under the act of January 21, 1903, popularly known as the Dick bill, and which also provides for the drafting of all able-bodied citizens of the United States between the ages of 18 and 45, regulations are provided governing the examination and commissioning of volunteer officers. This article was not repealed by the National Defense Act, and still remains in force.

Under section 23, Act of January 21, 1903, the following regulations are required for appointment as an officer of Volunteer Infantry.

For second lieutenants, first lieutenants and captains of Infantry of Volunteers from able-bodied citizens of the United States, for second lieutenants between the ages of 21 and 30, for first lieutenants from the ages of 21 and 35, and for Captains from the ages of 21 to 40, who have served an enlistment in the navy, army, marine corps or National Guard and have been honorably discharged, or who may be serving in the army or National Guard at the time their applications for examinations may be submitted. Such applications should be submitted in June and December so that arrangements may be made for their examination in July or January. Applications for those serving in the National Guard shall be submitted through the Adjutant General's office of their respective states. Those citizens of the United States who have completed a course of instruction in any college, military school or institution where a commissioned officer of the army has been detailed as instructor are also eligible for commissions in the volunteers.

**Examinations**  
The examination for commissions as second lieutenants, first lieutenants and captains of Volunteer Infantry is quoted:

Administration (oral)—Army regulations and army orders, especially articles 1-23, 29-33, and 50, 51, 54, 56, and 61.

Drill Regulations (practical)—School of the Soldier, School of the Squad, and School of the Company.

Field Service Regulations (oral)—Service of Information, Service of Security, Marches, Shelter.

Small Arms Firing Regulations (oral)—Theoretical Principles, Estimating Distances.

Manual of Guard Duty (oral)—Entire book.

Military Law (oral)—Manual of Courts Martial.

Topography (practical)—Making of topographical map. Map reading. Arithmetic, Grammar, Geography and History.

Weights of Subjects—Grammar 3, Arithmetic 3, Geography 2, History 2, Administration 3, Drill Regulations 4, Field Service 2, Small Arms Firing Regulations 1, Guard Duty 3, Military Law 3, Topography 1, Practical Efficiency 6.

A percentage of 70 is necessary to pass in any subject. The final passing average of an applicant will be determined by multiplying the percentage in all subjects by the weight of each, respectively, and striking an average. This examination is conducted by a board of regular army officers at a military post, and is thoroughly practical. Should any applicant fail to make a passing average in any oral subject he may take a written examination. The physical examination is the same as in the National Guard, and any defects of vision which may be corrected by glasses do not disqualify an applicant.

**Political Influence Nil**  
The time has passed when men who have political influence may be entrusted with the lives of men on the battlefield if they are not capable. This was realized in the Spanish-American war, and the Dick bill was the result of the experience of that campaign. For a force of 1,000,000 men, at least 50,000 officers would be needed, and as the General Staff plans are for a force of 1,500,000 men, with an equal number in reserve, the number of officers needed may be appreciated.

An opportunity is presented in Company L at the present time for any young men who may wish to become leaders of men, as all the subjects required in the preceding list will be taken up, and two years' attendance should be amply sufficient, or even a shorter time, to prepare for examinations.

# Announcement of Sebastian's JANUARY CLEARANCE SALE

Our Big Annual Clean-up of Men's, Women's and Children's Shoes, Clothing and Furnishings, Dry Goods, Notions and Miscellaneous Household Goods.

## Begins Friday, January 6th

Among those who have recently enlisted with the intention of preparing themselves for commissions in the regular army Officers' Reserve Corps or Volunteers are Max C. Holmes, a graduate of the University of Minnesota, and a member in the University Cadet Corps for two years, and Carl F. Burns of the San Diego Military Academy.

A non-commissioned officers' class will immediately be formed for the non-commissioned officers and those privates who may elect to study. The course will cover thoroughly all subjects required, with competent teachers.

The following sections of the National Defense Act apply to the foregoing article.

76. Filling of Vacancies when Drafted into Federal Service. All vacancies occurring in any grade of commissioned officers in any organization in the military service of the United States, and composed from persons drafted from the National Guard, under the provisions of this Act shall be filled by the President as far as practicable, by the appointment of persons similarly taken from said Guard, and in the manner prescribed by law for filling similar vacancies in the Volunteer forces.

69. Enlistments in the National Guard. Hereafter the period of enlistment in the National Guard shall be for six years, the first three years of which shall be in an active organization, and the remaining three years in the National Guard Reserve, hereinafter provided for, and the qualifications for enlistment shall be the same as those prescribed for admission to the Regular Army.

27. . . . . Provided further that no person under the age of 18 years may be enlisted or mustered into the military service of the United States without the written consent of his parents or guardians, provided that such minor has parents or guardians entitled to his control.

**VAN DYCK PAINTINGS**  
WORTH \$1,500,000 ON  
EXHIBITION IN N. Y.

NEW YORK, Jan. 2.—Forced by the fortunes of war to sell the \$1,500,000 worth of Van Dyck paintings that have hung for centuries in the halls of Newham Palace (Leicestershire, the Earl of Denbigh, has sent the five pictures here, where they are being prepared for exhibition and sale on Fifth avenue.

One of the five \$500,000 paintings shows James Stuart, Duke of Richmond, the cousin of Charles I, who vainly offered his life to ransom the King, in black dress and cloak, with star, blue stockings, black shoes with enormous rosettes and wide lace collar, standing with the greyhound that saved his life by arousing him from sleep. Two other of the portraits are of Charles I and Queen Henriette Maria. They are full lengths.

Ladies' Bath Robes on sale at Gilbert's—100 robes at about cost, \$2.95, \$3.95. Come and see. Take the elevator to our second floor.

### FREE VERSE EXPLAINED

The Register's staff writer, Henry James, took a fall out of free verse, last evening, whereat most of us who love good poetry laughed in ghoully glee.

Now comes a literary critic named Henry B. Fuller, writing in the Dial, and explains the mystery of "free verse"—the rhymeless, poetryless sort of poetry that highbrow folk call "vers libre."

It's quite simple to understand, once you get this critic's viewpoint. Why has free verse so strange a form, with the lines cut up into outlandish and unequal lengths instead of being chopped off uniformly like ordinary verse? Because "the strophe is shaped by the exercise of an original architectonic consciousness, either active or latent."

There you have it! Isn't it plain when it's put like that? Though who'd ever have thought of it, himself?

And if you don't happen to like this alleged poetry that looks as if chunks had been bitten out of all the best lines—if you think that it's only a crazy sort of prose scribbled by would-be poets that use the freak form to disguise their poverty of talent and technique—if you turn from the stuff in disgust to read Longfellow and Poe and Whittier and Riley and Tennyson and the other singers that have moved men's hearts with rhyme and rhythm and melody—oh, well, you merely lack the essential "architectonic consciousness."

### COLLIER'S ON CALIFORNIA

The eastern papers are still trying to figure out what happened in California on election day and the latest publication to volunteer a diagnosis is Collier's Weekly. Collier's article is so complimentary to California climate, California citizenship and California idealism that the Press ventures to quote it, even though it may seem as if the status of limitations ought to be invoked soon on discussions of the election result.

The one topic of political discussion that will not be downed is California. Among the politicians gathering in Washington it transcends in interest the legislative program of the new session. Did Johnson betray the Republicans? Did the Old Guard try to double-cross Johnson and make a mess of it? What did happen in California? What sort of man is Johnson? These are the uppermost topics. To this discussion we should like to venture one reckless contribution and see what happens to it.

Bearing in mind the danger of broad generalizations, we are going to throw off the following and invite discussion: California, as it stands today, is the most successful experiment in human society that has ever existed on earth. It has no poverty; it has no slums; it has the maximum of political freedom; the wealth is generally distributed. The average family living in California today has access to comforts and material pleasures such as are utterly unknown to large portions of the population, not only of Europe but of eastern United States; and as for the romantically idealized civilizations of Florence, Rome, and Greece—hardly the meanest Californian would have cared to be a patrician among the Caesars. To some extent, of course, this is due to climate; to some extent to soil. BUT SOME FOLKS THINK A GOOD DEAL OF IT IS DUE TO THE INTELLIGENCE WITH WHICH THE AFFAIRS OF HUMAN SOCIETY HAVE BEEN TREATED IN CALIFORNIA FOR SOME YEARS PAST.

### WESTMINSTER PEACE

The dean of Westminster Abbey, preaching in England's most sacred shrine, a few days ago rejected peace in these words:

"President Wilson has either in a fit of mental aberration sent the wrong note or he has entirely misapprehended the European situation. The very things are black and vile. The very thought of them on Christmas day makes one shudder. Does anyone suppose that peace would be honorable which regarded the assailants and the defenders of humanity as having in few the same ends? What kind of pity do you expect between wolves and sheep dogs, over the fleeces of orn lambs?"

There was One who upon a mountain shrine more sacred than Westminster, said two thousand years ago: "Love your enemies, bless them that curse you, do good to them that hate you, and persecute you." Somewhere between these two sorts, Christianity is the way of peace.

It would doubtless be too much to expect the Dean of Westminster to preach, or his people to practice, the Christianity of Christ. But is it too much to expect that they shall rise above the paganism of Wotan? If they can not love their enemies, may they not at least regard them as within the pale of humanity? It was Kipling, last Christmas, who classed mankind into human beings and Germans. It is the dean of Westminster, this year, who classifies them into wolves and sheep dogs. And it is Germans who sing the hymn of Hate, and classify mankind into German patriots, honorable enemies, and Englishmen. Each of the two most enlightened nations on earth classifies the other with the vipers—and both are wrong.

What is needed is a voice crying in this wilderness of hate, commanding speech in the terms of reason. President Wilson has uttered this voice—and before next Christmas he must be heard, or Westminster Abbey might as well close its doors forever, for there will be no more Christianity, not even Westminster Christianity, left to preach.—Fresno Republican.

### ODIOUS COMPARISON

In an address before the Lotus Club, Charles M. Schwab said the fact about the great success of Bethlehem Steel of which he is most proud is that in 1915 the average annual earnings of his wage workers was \$900 while in 1916, it was \$1200.

MY, MY, MY! What generosity is here!

Mr. Schwab fails to point out that despite the tremendous wages paid by Bethlehem Steel its head and its chief executives have made many millions of profits and of salaries and bonuses—not to mention dividends.

Incidentally, the average wages paid by the Register Publishing Company, both in 1915 and 1916, was over \$1200 per man per annum, and the profits the business yielded its owners would not pay the salary of Charlie Schwab's cook.

### With Malice Toward None

By Henry James

Creating Patriots  
We will not train our boys to fight:  
As milksons we will rear them,  
And tell them safety is in flight,  
Should enemies come near them.

No lad shall have a soldier toy,  
To urge him on to slaughter,  
Lest he grow up, a normal boy,  
And more like son than daughter.

So when the grim invaders seek  
To make this fair land gory,  
Afraid to run, he'll turn his cheek,  
Thus winning deathless glory.

### Pretty Good Haul

A young woman back east has won \$170,000 of golden balm because a suitor old enough to be her grandfather tossed her into the discard.

This ought to give the breach-of-promise industry quite a boom, and it makes a lot of the busy sisters look like pickers.

The truth is that when a man of seventy-eight declines to marry a chicken, or even a hen, the recipient of the rebuff ought to crochet him some slippers and conceal a note of thanks in the gift.

### Now Don't Get Maudlin

Up in Portland a girl still in her teens shot her lover and herself with a self-inflicted fatal results.

She left a note saying: "We've had our time. There never could be another like it."

Just a kid, unutterably silly. Selfish, too, as the room in the hotel was badly mussed.

### Court and Army

At Wichita recently a judge allowed a convicted thief to go on condition of joining the army.

Great idea, and fine for the army. The next rogue court-martialed out of the army ought to be sentenced to the bench.

### Bandits

To feel sympathy even for a footpad is possible. Instances have been known when men have been driven to his status by the utmost desperation, and have committed crime while oathless their own conduct.

It's different with the robbers who ride around in high-powered automobiles. They don't need to steal.

What they need is the full charge of a sawed-off shotgun, the same entering so scattering that no vital point could be missed.

### A Miracle

The other day a woman in Pasadena, who had been blind from birth, had her sight restored by the insertion of an artificial cornea.

Utterly useless to tell her that the lay of miracles is past.

### Money and a Man

Not long ago an old man who had toiled for years at the most menial work fell heir to a fortune.

While he worked his relatives had paid no attention to him, but as soon as he had the money they were attentive even to the point of offering to take care of it for him.

Being a rather wise old man, he declined to believe their motives wholly noble, turning them down, and making himself bestowing his money where he desired it to go. Then he died.

Now the mourning among the relatives is grievous, nor so much on account of decedent, as that other relatives have a better show at the pile he left.

### Not All Foolish

The Los Angeles girl who mailed poisoned candy to herself didn't eat any of the stuff.

### The Print Paper Combine

There seems to be a print paper combine.

That's one combine that will have

to get along without journalistic support.

### The Fly in the Ointment

Six brothers and sisters, whose ages averaged eighty-one years, recently held a reunion in Woodland, Cal.

Their parents were not present.

### Prudence

A Christmas present, wrapped and laid away,  
May come in mighty well next Christmas day.

### WAR ON KELP PLANT

SANTA BARBARA, Jan. 3.—Exclusive Montecito is up in arms against a proposition to establish a potash factory at Summerland, just over Ortega Hill from the valley of millionaire homes. So intense has become the opposition that a movement to recall members of the county Board of Supervisors is being discussed seriously.

The Supervisors have granted permits to the government and to private interests to establish potash plants and to harvest the kelp in the channel under government supervision.

To San Diego—Crown Stages, one way, \$2.75; round trip, \$5.00.

### Too Late to Classify

## How Would You Accept the Ring?

MAE MURRAY, FAMOUS PLAYERS STAR IN PARAMOUNT PICTURES.

There are a great many ways of receiving one's engagement ring from the man of one's choice, but this illustration was snapped shortly after Mae Murray was proposed to in one of her Paramount Pictures produced by the Famous Players.

### AMUSEMENTS

#### THE GARDEN OF ALLAH

The Garden of Allah, the big spectacular play made from Robert Hichens' novel, by that author and Mary Anderson de Navarro, will be the attraction at the Grand Opera House on January 10.

This presentation of the dramatization of Hichens' novel is backed up and fortified by the superb pictorial and realistic manner of the production. The massive beauty of the settings and effects is utilized to drive across the footlights the essentials of the romance between "Boris," the monk, and his bride, "Domini."

The story of the play follows the novel, a fact that many thousands of readers of the book will follow with enjoyment. The glowing and beautiful descriptions of the various scenes described by Mr. Hichens in the book, are closely followed.

#### "INTOLERANCE"

D. W. Griffith's striking success, "Intolerance," will be at the Grand Opera House afternoon and evening, January 7.

In this limited announcement it is impossible to even indicate the character of the entertainment. The only way to get any idea of the splendor of "Intolerance" is to see it. Besides, the splendors of its thousands of scenes, there is a marvelous musical score played by a large symphony orchestra.

#### At the West End

Theodore Roberts, the celebrated actor and Lasky star, will be seen at the West End Theater on Thursday and Friday in support of Mae Murray in the Jesse L. Lasky production of "The Plow Girl," a compelling drama of the South African gold and English drawing-rooms, adapted from the famous story by Edward Morris and prepared for the Paramount Program by Charles Sarver.

Although he made such a great reputation for himself as the drunken father in support of Miss Mae Murray in "The Dream Girl," Mr. Roberts has surpassed himself as the besodden, cruel, Boer farmer in "The Plow Girl."

His make-up in this production is considered a masterpiece, even for him, and were it not for his wonderful artistic performance, it is doubtful if anyone in the audience would recognize this creature to be Theodore the Great.

#### At the Temple

Mendelssohn's "Spring Song," a musical classic destined to live for all time, has formed the inspiration for a moving picture scenario and the result will be shown in Bluebird Photoplays at the Temple Theater tomorrow, under the title of "Love Never Dies."

How a little girl loved to dance to the violin playing of her childhood's sweetheart, especially delighting in the cadence of "Spring Song," is told in beautiful photoplays, and continued in an interesting picture-story of a life of love and devotion that lived and finally triumphed after overcoming heartbreaking vicissitudes. Ruth Stonehouse portrays the role of the little girl grown up, and her sweetheart is manfully impersonated by Franklin Farnum.

For Special Auto Trips call on the Crown Stage.

#### NOTICE OF ANNUAL MEETING

The annual meeting of the stockholders of the Home Mutual Building and Loan Association of Santa Ana will be held in the office of the association, 115 West Fourth street, Santa Ana, Cal., on Monday, January 8, 1917, at 7:30 p. m., for the purpose of electing directors for the ensuing year, and for any other purpose that may legally come before said meeting.

O. M. ROBBINS, Secretary.

#### HOW TO CHECK THAT COLD

When it is painful to breathe and fever sends chills up and down your back, you are in for a cold. A timely dose of Dr. Bell's Pine Tar Honey will stop the sneezes and sniffles. The pine balsam loosens the phlegm and clears the bronchial tubes, the honey soothes and regulates the throat. The antiseptic leaves the germ and the congested condition is relieved. Croup, whooping cough and chronic bronchial affections quickly relieved. At all Druggists, 25c.

Ladies' Bath Robes on sale at Gilbert's—100 robes at about cost, \$2.95, \$3.95. Come and see. Take the elevator to our second floor.

For Long Beach take Crown Stages every hour.

## EGG RATING IS PUT INTO EFFECT

Los Angeles Dealers Go Under System Same As Used In San Francisco

LOS ANGELES, Jan. 3.—The new egg rating went into effect yesterday. It was not a radical change from the past, but one that will tend to raise the standards of the present packs, and also the standard of production on the part of the egg ranchers.

Mixed colors will be eliminated from fresh extra grading in the future. The text of the Produce Exchange disposition of this matter calls for eggs that are entirely white, reasonably clean, and of a reasonable uniformity.

They must weigh at least over 22 ounces to the dozen, and should average 24 ounces, particularly over the spring and early summer months. A fraction off this weight will be allowable in three fall months.

The eggs must be 90 per cent fresh, sweet and full. The balance may be defective in strength and fullness, but must be sweet. The maximum loss per case permitted will not exceed one-half dozen.

The case-count basis does not change materially. Case counts may be of mixed colors, must be over 80 per cent fresh, with less than 4 per cent of rots, and must average 23 ounces to the dozen, or 43 pounds net to the case. The new grading is pullet eggs.

The grade is practically the same as that of case count eggs, but admits much smaller eggs. The weight basis is an average of 20 ounces to the dozen, and not less than 18 ounces.

These new gradings put the local market on exactly the same basis as that of San Francisco, or better still, of Petaluma, the egg center of California.

It will be possible to secure a wider shipping range with local eggs, and will benefit all those who are interested in the industry.

Receipts yesterday were 138 cases, and the demand was good. The new range of prices calls for the quotation of extras of 38 cents; case count 36, and pullets 34.

## BAD CHECK MAN GETS \$14 AT LOCAL STORE

A man about 35 years old, wearing grey clothing and an overcoat, gave a worthless \$16.50 check to Nickey's hardware store yesterday evening in payment for some stovepipe and other articles, got \$14 in change and left. Today the store found no such number as that to which the articles were to be delivered. The check was made out to Frank Collins and bore the name of C. M. Scott. The check was pronounced bogus. City Marshal Jernigan investigated.

## 'TOM' WOTTON TO WED

Returning From Front, Claims Bride Who Became Tradeswoman On Dare

The Los Angeles Times today prints an interesting story, concerning a young man, well known here, which follows:

PASADENA, Jan. 3.—Romance is to put an end to an eccentric experiment of Miss Anne D. Peterson, grandniece of Mrs. George W. Childs of Philadelphia, and a favorite in the younger social set of Pasadena. In view of her forthcoming marriage to Thomas A. Wotton, who has just returned from the French front, where he drove an ambulance, Miss Peterson will close the small dressmaking establishment which she opened one year ago just to show her friends that she could be commercial and retain her social standing.

The engagement of Miss Peterson was announced yesterday by her aunt, Miss Emma B. C. Peterson. The young lady's uncle and aunt, Commander and Mrs. J. J. Hunker, live at the same address. The bride-elect said last night that the little dressmaking establishment would have to go. It is located at No. 341 West Colorado street.

Miss Peterson is the sister of Mrs. David Blangenhorn and the friend of Mrs. Rufus Spalding and other persons of social prominence. The business venture of Miss Peterson was a distinct surprise to her friends. "Miss Peterson likes to do the unusual," one of the young lady's girlhood friends said last evening. "The modiste shop was founded, I think, just as a sort of a dare to high society. It is certain that she didn't need the money. The experiment was a success. She became a tradeswoman temporarily without losing in the least her position with her wealthy friends."

The date of the wedding has not been fixed, but it will be in the near future. Mr. Wotton is the son of Rev. W. H. Wotton, rector of the St. James Episcopal Church, South Pasadena. He lives at No. 1205 Fremont avenue. The young man was absent in Europe eight months, resigning a position with the Security National Bank. He and Miss Peterson have been friends for several years.

Entertainment at Fullerton  
Miss Lillian Breed, who has become very popular here, gave a program which delighted a large audience at Fullerton last Friday evening. Miss Breed is a dramatic reader of ability.

## LET US DO YOUR DEVELOPING and PRINTING

We have established a most important department for the developing and printing and finishing, and enlarging of photos. The very best work, most expert results, with the cleanest and clearest detail, in the quickest space of time and at the lowest possible cost.

"Yes Indeed I'll Send Crisco!"

THERE is satisfaction in ordering a perfected pure food product like Crisco.

You need not see it. You know that it will reach you sweet and fresh. One package is just like another package no matter when or where you buy it.

**CRISCO**  
For Frying - For Shortening - For Cake Making

Crisco is an all vegetable cooking fat of uniform quality—the rich cream of edible oil, tasteless and odorless.

A telephone message to your dealer will bring Crisco to you and you may use it with the knowledge that it is the exclusive choice of a million American housewives who like it because foods prepared with it are unusually tasty and appetizing.

It is free from all tendency to grow rancid, will stay sweet as long as you need to keep it.

For better tasting and more appetizing foods use Crisco

## OUT OF THE SILENCE

And what can you say when the day is done  
And you've gone to your bed of rest?

When the shadows come and the light has gone  
O'er the rim of the golden west  
And a silvery beam of the moon creeps in  
As if in an aimless quest?

What do you say  
When a kindly voice that you seem to know  
Out in the shadows speaks soft and low,  
"Well, what did you do today?"

Oh, what can you say when you're all alone  
With the Master of all the tasks?  
How much of a sin do you have to own  
When the voice of the Master asks—  
How many things have you left undone  
Your studied answer makes?

What do you say  
When out of the shadows of the silent night  
The Master speaks with the Master's right:  
"Well, what did you do today?"  
Thirst blest is he of the humble way  
Who sinks to his bed of rest—  
The rest he earned with a toiling day  
With love of his labor blest—

Who hears the voice of his Master ask  
And truthfully says, "My best."  
The man who can say:  
"I've trod the way of my best intent,  
I've helped a friend and I've made a friend"  
To "What did you do today?"  
—John D. Wells in Buffalo News

## OFFICERS INSTALLED

South Methodist Missionary Society Hears Good Talk By Rev. O'Rear

The newly-elected officers of the Missionary Society of the Methodist Church South, were installed at the Sunday evening service December 31 by the pastor, Rev. A. T. O'Rear.

He addressed the society, impressing the thought of the duty and responsibility of each member to the missionary work and the necessity of the co-operation of all. The following are the new officers:

President, Mrs. Henry Donan; first vice president, Mrs. J. W. Vawter; second vice president, Mrs. C. W. McNaught; superintendent of publicity and study, Mrs. Belle Nuckolls; superintendent of social service, Mrs. C. S. Perry; superintendent of supplies, Mrs. J. A. Turner; corresponding secretary, Mrs. J. E. Armstrong; recording secretary, Mrs. Edward Gray; treasurer, Mrs. A. N. Zerman; local treasurer, Mrs. E. J. Page; agent of missionary voice, Mrs. W. H. Madden.

President Sends Treat  
The Woman's Club held its regular meeting yesterday afternoon with Mrs. J. E. Liebig on East Chestnut avenue.

A class in parliamentary drill was conducted by Mrs. F. A. Marks.

The president, Mrs. I. D. Annis, was unable to attend, but sent delicious home-made candy, which was served at the close of the meeting.

## GUESTS AT BURGE HOME

Merry Company Relatives Enjoy San Diego Trip, Wedding Anniversary

The beautiful home of Mr. and Mrs. E. D. Burge on East First street has been happy and particularly bright during the Yuletide season, a number of guests adding to the pleasure of the season.

Among these were Mrs. Burge's brother, J. H. Mason and his wife of Bakersfield and Mr. Burge's nephew, L. B. McMurry and Mrs. McMurry from San Francisco.

Mr. and Mrs. Burge took their family and guests on a trip to San Diego, where they were guests at the U. S. Grant and participated in the closing ceremonies and pleasures of the exposition. Upon the return of the travelers from the exposition city, a sumptuous New Year dinner was enjoyed. Last evening a bountiful 6:30 dinner was enjoyed in honor of the second wedding anniversary of Mr. and Mrs. McMurry. The table was centered with delicate pink camellias in combination with lacy ferns and a pink and white motif was carried out in all the exquisite appointments.

Joint Installation  
A joint installation of officers of the Odd Fellow and Rebekah lodges was held at Huntington Beach last night, with a big banquet as one of the features. The officers of the subordinate lodge were installed by District Deputy Grand Master P. H. Anderson and staff of this city, and the Rebekah officers were inducted into office by Mrs. Golder, deputy district president, of Fullerton. She was assisted by her staff.

Anderson's staff was composed of W. J. Morrison, George E. Peters, J. E. Liebig, R. K. Bishop, A. C. Curlee, W. C. Jerome, L. P. Sheats, and Frank Cannon, musician.

Among the officers installed in the subordinate lodge were O. P. Moore, N. G. Curtis McCormick, V. G. R. T. Labadie, recording secretary; G. O. Franklin, treasurer; F. A. Moore, trustee.

Delightful Watch Party

One of the most delightful watch parties was given New Year's eve at the home of Miss Eva Carothers. The rooms were decorated in red and green, the season's colors, with beautiful bells suspended from the chandeliers. The centerpiece on the table consisted of a large basket filled with nuts and candy.

The evening was delightfully spent with appropriate games and music, after which a three-course supper was served, consisting of oysters, sandwiches, salad, pickles, cheese and pie. As the bells rang the old year out and the new year in, the guests departed wishing everyone a happy new year.

Those present besides the hostess, were Misses Myrtle Montgomery, Kathleen Montgomery, Mae Walton and Kate Hendrickson, and Messrs. Joy Brooks, Lloyd Brooks, Orin Daniel, Walter Raymond and Sidney Alender.

Sunshine Society

The regular business meeting of the Sunshine Society will be held Friday afternoon at the home of Mrs. Fred Robinson, 1625 North Main street. All members are requested to be present as there will be special business to attend to.

High School P-T Meeting

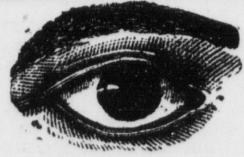

The regular meeting of the High School Parent-Teacher Association, which was to have been held tomorrow, has been postponed until Wednesday, January 3.

This will be a fathers' meeting and held in the evening of that date.

Boy Scouts on Hike

Twenty-five Boy Scouts of the Congregational church, and their leader, A. J. Perkins, Monday hiked to the top of Mount Wilson and report a delightful trip. The lads were taken to Sierra Madre in the automobiles of Mr. Perkins, A. J. Crookshank and W. W. Simons.

A. J. Perkins, being a professional hiker and member of the Sierra Club, set a good pace for the boys and they made a good record for themselves. Lunch was carried along and thoroughly enjoyed on the mountain top.

## NO. 1 TRAVEL CLUB

Mrs. H. C. Dawes Hostess For Charming Meeting to Begin the New Year 1917

The first meeting for the new year of the First Section of the Travel Club of the Ebell was held yesterday afternoon at the hospitable home of Mrs. H. C. Dawes on Spurgeon street, with twelve members present.

The rooms were bright with poinsettias and a cheery fire burned in the grate, and an interesting article on Italy was read from the Geographical Magazine.

During the social period, Mrs. Dawes, assisted by her daughter, Miss Roberta, and Mrs. Stephen Ross, served a delicious lap collation.

Besides the hostess, the members present were Meses. A. W. Ames, J. P. Baumgartner, L. J. Carden, M. F. Hestman, J. J. Roper, S. Ross, W. M. Smart, E. B. Smith, I. W. Van Cleave and Alice Tubbs.

To Honor Visiting Son

Mrs. W. M. Smart and Miss Fannie Smart entertained Monday evening in a charmingly informal manner for William Smart of Salem, Oregon, who has been spending three weeks with his mother during the holidays. He is leaving today for his home, where he has a fruit ranch.

The hospitable home was bright with starry poinsettias and the time was happily spent playing "touring," a pleasing automobile game.

Following the games, refreshments, carrying out the warm hints in the decorations, were served on the small tables. Twenty-five guests were invited.

Guests from Mission Town

Mrs. Mary M. Cooper and her daughter, Miss Ruth Taylor had as their guests at New Year dinner their daughter and sister, Mrs. D. E. Ross, Mr. Ross and their three children from San Juan Capistrano. The table was prettily decorated with cut flowers for the occasion.

Frolic in Snow

Fifteen of the boy scouts of the First Baptist church, under the care of Messrs. A. M. Robinson, P. H. Norton and R. E. Elliott, spent New Year's Day at Camp Baldy, where the "boys" big and little enjoyed the beautiful snow, some of them for the first time.

Pleasant Trip to Santa Barbara

Mr. and Mrs. G. P. Campbell, Miss Louise Campbell and Mr. and Mrs. G. Beissel motored to Santa Barbara Sunday, and returned Monday evening, reporting a most delightful trip, although the party ran into rain at Summerland and it rained all the time they were in Santa Barbara. When the party arrived at their destination they found the annual "high jinks" of the Elks in full progress, and as both men belong to the antlered herd, they and their wives were right royally treated.

On the return trip, the automobile traveled in the rain until Ventura was reached.

Veteran Rebekahs Association

The Veteran Rebekahs will meet on Friday afternoon with Mrs. D. W. Hicks at the Central Apartments, instead of in Odd Fellows' hall.

W. R. C. Meeting

The regular meeting of the Woman's Relief Corps will be held in G. A. R. hall tomorrow at 2 p. m.

Marriage Announcement

Samuel A. Wheaton and Miss Sallie A. Rives were married on Saturday last, December 16, in Los Angeles.

Miss Rives was formerly cashier at June's Theater here and has many friends in this city. They will be at home after January 10 at 1515 East Twenty-second street, Los Angeles.

A Pleasant Surprise

A beautiful birthday surprise was given C. M. Steele yesterday at his home at 416 East Third street in honor of his thirty-eighth birthday.

The guests appeared at 12 o'clock and a most delicious dinner had been prepared by Mrs. Steele.

Those enjoying the dinner were Mr. and Mrs. P. H. Workman and children, Mr. and Mrs. A. Fowler and children, Mrs. Isabelle Cooley and daughters, Misses Letty and Ollie Cooley and Mrs. Flint, all of Santa Ana, Mrs. Olive Wagner of Los Angeles, E. F. Geaby and family.

New Year's Dinner

Mr. and Mrs. C. Fay of 1117 West First street entertained the following old friends at a New Year's dinner: Mr. and Mrs. Marsden and Mr. and Mrs. Sturgeon. Mr. Sturgeon was in the same regiment with Mr. Fay, the day slipped by all too swiftly and the guests hoped for many more happy reunions.

Roosevelt P. T. Meeting

The Roosevelt P. T. A. will hold its monthly meeting next Thursday, Jan. 4, at 3 p. m. in the kindergarten rooms. All mothers are specially requested to attend, as several important problems will be under discussion.

Mrs. Barnes, kindergarten director of McKinley school, will give a talk on the educational value of myths and fairy tales, and Miss Helena Browning will present her class from the Spurgeon school, demonstrating physical culture and folk dancing.

Suits and Coats at just about 1/2 price at Gilbert's. Come and see for yourselves. Children's Coats all on sale. Take the elevator at Gilbert's.

The Fraternal Aid Union will hold installation of officers Wednesday evening, Jan. 3rd. Banquet will be served at 7 o'clock. All members are requested to be present.

CLARA M'CORD, Secy.  
To Fullerton every 1/2 hour. Crown Stage. Round trip, 75c.

We repair Hot Water Bottles at the Hoosier Vulcanizing Works.

Standard Paint and Paper Co., 209 West Fourth St. Phone Sunset 1378.

Ideal Hand Laundry has moved to 410 East Fourth.

## Personals

O. D. Campbell of Ponca, Neb., surprised his father and mother, Mr. and Mrs. George Campbell of Garfield street, by his arrival on Sunday last. He will make his happy parents an extended visit.

Mr. and Mrs. Duncan Sova and daughter, Lois, of Los Angeles, are guests at the home of Mrs. Sova's father, R. H. English. They will remain here indefinitely.

Friends of Mrs. Will Whitney will be grieved to learn that she is in a serious condition, having suffered a stroke of apoplexy last Monday at her home on East Washington avenue.

W. W. Halesworth made a trip to Los Angeles today.

Mrs. B. C. Roberts of the Mode Millinery, was among Santa Anans in Los Angeles today.

Chas. Van Wyk has gone to Corvallis, Ore., to take a short agricultural course in the college there.

Temporarily, Attorney and Mrs. Walter Eden are stopping at a home they own in Orange, while their home at 907 North Main street, will be occupied for the month or more that they are gone, by A. D. Hart and family.

Mr. and Mrs. G. T. Pettibone, of Detroit, Mich., who are on their way to Honolulu, are making a visit with their friends, Mr. and Mrs. E. G. Holmes, of 1104 North Main street.

Mr. and Mrs. L. J. Carden and daughter, Mrs. J. S. Hill, and Miss Helen Carden, motored to Pasadena Monday to view the tournament of roses parade.

Mr. and Mrs. Eric J. Segerstrom, of Sonoma, Cal., spent the holidays at the home of Mr. Segerstrom's parents, Mr. and Mrs. C. J. Segerstrom.

Mrs. J. H. Garnett was called to Redlands last night by the serious illness of her husband, Rev. J. H. Garnett, formerly pastor of the First Baptist church here. Mrs. Garnett was accompanied by Mrs. Mac Robbins, daughter of Rev. and Mrs. Garnett.

SPECIAL SERVICES

At the Immanuel Baptist church next Thursday afternoon and evening, 2:30 and 7:30, special services will be held, open to all Christians, for the deepening of the spiritual life. Rev. Geo. Davis, of Los Angeles, and others are expected to speak.

To introduce our advanced spring models, just received, we offer special reduced prices until Jan. 15th on all ladies' made-to-measure suits. A rare opportunity for the dressy woman. Chas. Land, 109 E. Third.

Gets Tide Books

Victor Walker, local sporting goods dealer, announces that he has received the new 1917 tide books. The books are a great convenience to fishermen.

Start in the New Year with a resolution of saving the wife the drudgery of having the laundry done at home by trying our high-grade work at moderate prices. Santa Ana Steam Laundry Company.

Ladies' Bath Robes on sale at Gilbert's—100 robes at about cost, \$2.95, \$3.95. Come and see. Take the elevator to our second floor.

Art and Design, Piano and Vocal Studio, 628 N. Main. Pacific 1515.

To Anaheim take Crown Stages every 30 minutes. Round trip, 50c.

## THE WEATHER

Clearing tonight and Thursday fair. Colder in the interior tonight. Heavy frost Thursday morning. Light southerly to westerly winds.

Jan. 2—Maximum 55, minimum 37. Rain, 46 in.; total, 5.90.  
Dec. 30—Maximum 61, minimum 35.  
Dec. 31—Maximum 61, minimum 38.  
Jan. 1—Maximum 56, minimum 36.

## MARKETS

NEW YORK, Jan. 3.—Twenty-five cars oranges, five cars lemons sold. Oranges 10c lower. Averages, 1.50 to \$2.65. Highest prices, Early Best, \$2.99; Lemons slightly lower. Averages, \$1.58 to \$2.47. Weather rainy, temperature 28.

## MARRIAGE LICENSES

IN SANTA ANA, ON JAN. 2  
John H. Conner, 36, and Margaret Brown, 36, both of Los Angeles.  
Robert E. H. Schofield, 42, and Maud I. Turner, 27, both of San Francisco.  
IN LOS ANGELES, ON JAN. 2

## CAUGHT BY A CABLE MAN'S ARM IS BROKEN

ANAHEIM, Jan. 3.—Charlie Knapp of Olinde, employed on the Standard Murphy lease, at rig 27, about 4 p. m. Tuesday afternoon, caught his hand in the cable and was drawn over the cat-head, breaking his right arm. He was taken at once to the Anaheim sanitarium, where he is doing nicely.

## BANKER LEASES HOME ON NORTH MAIN STREET

W. E. Otis, of San Diego, has taken a two-year lease on the residence of Mrs. J. W. Bishop, 1330 North Main street, and will move his family here from San Diego about the first of next month.

Lease of the residence indicates that Otis expects to become identified with this city.

Otis and his son-in-law, C. A. Vance, of Chula Vista, recently purchased E. J. Cranston's interests in the bank at Tustin, and Vance will take charge of the financial institution.

Otis has acquired some stock in one of the local banks.

He is a banker of wide experience and is vice president of the University Avenue Bank at San Diego.

Vance and family will occupy the cottage of E. J. Cranston at Tustin. He will assume control of the bank on the tenth of this month.

## FREE EXCURSION TO SOUTH LOS ANGELES

The Howells Syndicate, Inc., free excursion to South Los Angeles, advertised for last Friday, was postponed until Friday, January 5. See their advertisement in another column of this paper for full particulars.

## LONG LIFE MRS. BISCHOFF BROUGHT TO CLOSE HERE

The interesting and long life of Mrs. Lizzie Mary Bischoff, aged 73 years, wife of Carl Bischoff and mother of Mrs. Joseph Backs of this city, was brought to a close at the Santa Ana Hospital on December 28, after a long battle for her life. Mr. and Mrs. Bischoff had traveled all over the West seeking health for the latter.

Mrs. Bischoff came here about three months ago. Her funeral was held on December 30 at Smith and Tutill's chapel, Rev. Paul E. Wright officiating at the last sad rites. Interment was in Anaheim cemetery.

Mrs. Bischoff was born in Switzerland, but was almost a daughter of the United States, as she was brought here when she was but four years old. She was the mother of nine children, six of them now surviving her, together with her devoted husband.

## S. E. TALBERT RANCH IS SCENE OF AUCTION

# INITIAL SURVEY FOR JETTY IS COMPLETED, SAYS LEEDS

Engineer Tells Beach Trustees Status of Preliminary Harbor Work

NEWPORT BEACH, Jan. 2.—The Board of Trustees of the City of Newport Beach met last evening at the City Hall with the entire board present. The audience chamber was packed with a large crowd of citizens and taxpayers who gathered to wish the Board a Happy New Year, and, incidentally, to register a few "kicks" upon matters great and small in the municipal affairs of the city.

In response to questions from the audience, Capt. Thos. E. Leeds, the

engineer in charge of the jetty work, stated that the work preliminary to the actual construction was progressing rapidly and well, that at the outset there were always delays of one kind or another which are incident to the work of construction, that these will soon be overcome. It is necessary first to obtain a permit from the War Department in order to start the actual work and that as the application for this permit must state the actual location of the jetty wall it was necessary to make the new survey before this could be done. The survey, however is now completed and the application made to Washington. Also, the Captain stated, that it would be necessary to acquire enough land in the vicinity of the lower end of the sand spit to make the work of construction safe from the shore side.

Regarding Stone  
Regarding the stone which would probably be used, Captain Leeds was non-committal. He stated that the Catalina rock was good enough for the work and could be laid down on good terms. Rock could also be brought from any one of the quarries of Deced, Blythe, Casa Blanca or Corona, which in many respects he considered superior to the island stone. It was thought a few months ago that should the city decide to obtain rock from the island quarry it would be necessary to take over the entire quarry, but later inquiry has established that the City of Los Angeles can legally sell its rock from Catalina in the same manner as it may sell any other commodity.

A petition was received from E. J. Louis, president of the Balboa Land & Water Company, asking the Board to consider the proposition of collecting the City taxes in two installments instead of one as is customary at the present time. Mr. Louis' letter called forth a long discussion on the subject of taxes in general and the matter of two installments instead of one, in particular. The matter of having the County collect the City taxes was also gone into, but on account of the assessable valuation being somewhat lower for taxable purposes by the County, it was not thought that the City could obtain enough money on the legal limit of \$1.00 for current expenses upon the County valuation.

Wants Surplus Gas  
A petition was received from C. E. Norton, president of the Newport Glass Company, asking for a quantity of surplus gas under the minimum for 15¢ per thousand cubic feet. This petition was referred to the Gas Department for recommendation. It was a matter of great satisfaction to all those present that the new glass company seems to be arranging to start the plant but a few years ago by the Brannan Glass Company, at an early date.

A petition was read from a committee of five citizens, composed of A. B. Rousseau, J. P. Greeley, J. Ferguson, C. L. Lancaster and J. J. Schnitzer, requesting the City to appropriate funds from the advertising fund to maintain a bureau of publicity. At a meeting held at the Balboa Hotel

## NO HEADACHE OR NEURALGIA PAIN

Get a 10 cent package of Dr. James' Headache Powders and don't suffer.

When your head aches you simply must have relief or you will go wild. It's needless to suffer when you can take a remedy like Dr. James' Headache Powders and relieve the pain and neuralgia at once. Send someone to the drug store now for a dime package of Dr. James' Headache Powders. Don't suffer! In a few moments you will feel fine—headache gone—no more neuralgia pain.

## RUB YOUR EYES

and get a clear vision of the possibilities of Fruit and Nut growing without irrigation in the Templeton-Paso Robles district—a swell place for a home—money making opportunities undreamed of a few years back, a combination of desirable conditions possessed by no other locality in the state, these are reasons why so many men from Orange county and other Southern California points are investing there.

10 acre lots, best orchard zone, near town, fine soil for almonds, walnuts, pears or prunes—all money makers—\$90.00 to \$175.00 per acre.

10 acre lots, young orchards just coming into bearing, \$300.00 to \$400.00 per acre.

Here are two good ones, combinations suitable for dairying, hog raising and fruit growing, ½ mile from high school.

30 acres, ½ in alfalfa, ½ in fine pear, prune or walnut land, \$200.00 per acre.

43 acres adjoining and in the same combination and price, the alfalfa land owns electric pumping plant and modern cement pipe line system.

Ask me for further information about property there.

J. A. Timmons

2220 N. Main St. Phone 444-J.

## Public Administrator's Report

To the Hon. Z. B. West, Presiding Judge of the Superior Court of Orange County: Theo. A. Winbigger, Public Administrator of said County, respectfully makes this return of all estates which have come into his hands for the term commencing July 1, 1916, to January 1, 1917, in pursuance of the provisions of Sec. 1736 of the Code of Civil Procedure.

Date of Decedent's Death	Name of Decedent	Approximate Value of Estate	Money which has been paid to the Public Administrator	Expenses of Last Illness	Expenses of Administration	Property in Hands of Administrator	Property in Hands of Beneficiaries	Amount Distributed to Heirs

State of California, County of Orange.—ss. Theo. A. Winbigger, being first duly sworn, deposes and says: That he was the Public Administrator of said County at the time of the above report; that the foregoing is a full and correct copy of all estates of decedents which have come into his hands for the term hereinbefore mentioned; that he is not, and was not at any time interested in the expenditures of any kind made on account of any estate he administers, nor is he associated in business or otherwise with anyone who is so interested.

Subscribed and sworn to before me this 27th day of December, 1916.  
(Seal)  
THEO. A. WINBIGGER,  
W. B. WILLIAMS, County Clerk.

## NEWS LETTER FROM HUNTINGTON BEACH

HUNTINGTON BEACH, Jan. 3.—New Year's day was ushered in with due pomp and ceremony. Whistles were blown, guns were fired, bells were rung and all customary noises were heard. A unique feature was the watch night service at the First Methodist church, at which a large number of citizens participated. The evening service consisted of a cantata given by the choir under the direction of Ralph C. Turner. Following this program and a few remarks by the pastor, the audience was invited to repair to the church dining room where coffee and sandwiches were served free to all. A social hour was enjoyed in this room and those who desired to go home did so. Many of the members and others, however, returned to the audience room of the church where a consecration service was held and about five minutes after 12 o'clock the service was closed.

The rainfall to date is somewhat greater than at the same time last year and almost as great as two years ago. At the Holly Sugar Company's plant the total up to Saturday was .09 inches. The fall at the same date two years ago was .12. At the Pyle ranch north of the city the total registered was only .545 compared with 7.20 inches two years ago.

The lowest temperature recorded at the Holly sugar factory was 31 degrees Wednesday morning of last week.

Floyd B. Dean with an average of 201.13 won the turkey offered for the highest average in three successive games at the pavilion bowling alleys last week. H. A. Benning had high score, which was 233.

R. C. Canady has made arrangements to move his jewelry store from its present location on Main street to the room in the First National Bank building, until recently occupied by the city hall. Alterations in the room are now in progress.

The J. O. C. class held an all-day meeting Thursday at the home of Mrs. Charles Crawford. The occupation of the day was sewing rags for a rug to be used on the floor of the class room in the tower of the church. Mr. and Mrs. M. A. Turner entertained C. M. Bentley, Frau Bentley and daughter of Riverside and L. J. Bentley of San Jacinto during the holidays.

The Chamber of Commerce has elected the following officers for the ensuing year: E. E. French, president; Dr. F. E. Wilson, first vice president; C. G. Boster, second vice president; W. Warner, treasurer. W. E. Wells and D. O. Stewart have completed the planting of 105 acres of beets. They expect to plant 100 additional acres this year.

Roy O. Bodgett has opened a new plumbing shop at 208 Main street. James Petrie, who enlisted in the English army from Canada and who recently suffered serious injury in the trenches in France, has arrived in the city and is the guest of Mrs. R. J. White. Mr. Petrie, after his injury, was taken to the Shorncliffe Hospital in England and as he was incapacitated for further service he was later allowed to return to Canada for his discharge.

Charles C. Smith of San Jacinto, who has three children, has arrived in the city for a vacation of a few weeks. Mr. Smith is supervising principal of the San Jacinto schools. Mr. and Mrs. M. L. Simmons and Mr. and Mrs. C. N. Skaggs of Ponder, Tex., have arrived in Huntington Beach for the winter. Mrs. Simmons is a niece of W. I. Purcell of this city and the newcomers have rented one of

## A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds on the chest (it often prevents pneumonia). Nothing like Musterole for croupy children. Keep it handy for instant use.

Dr. Magill, Osteopath. Phone 956-W.

Purcell's houses. They expect to see the state of Texas in the dry column before long.

Edwin Pann, a graduate of the high school, now in attendance at Stanford University, has returned for the Christmas season and was one of the guests at a holiday party at the home of Mr. and Mrs. Ned N. Brown. Others who were guests were Mr. and Mrs. C. P. Pann, Miss Bertha Pann, Dr. and Mrs. S. G. Huff, Mr. and Mrs. Harry S. Huff and son Hal of Orange, Mr. and Mrs. Ralph Huff and daughter Edith of this city, Mr. and Mrs. L. A. Brown of Kialto.

Harry May spent the vacation week with his parents at Upland. Mr. and Mrs. Paul J. Leebrick of Sheridan, Wyo., are the guests of Mrs. Leebrick's parents, Mr. and Mrs. H. J. Day, who reside near the Holly sugar factory. Mr. Leebrick is in the employ of the Holly Sugar Company at Sheridan.

A. J. Winters of Rocky Ford, Colo., who spent last winter in Huntington Beach has arrived here again and intends spending this winter here. He is a prosperous beet and alfalfa grower of his home place.

Bulon S. Peel of this city and Miss Vessa McClellan of Chandler, Ariz., were married in Huntington Beach Wednesday and left soon afterward for Salt Lake City. Peel is in the employ of the Holly Sugar Company in this city and they will return to Huntington Beach to make their home.

J. D. Marti of Hastings, Neb., has been the guest of Mr. and Mrs. C. D. Heartwell.

Mrs. Emma Fordyce of Akadema, who has considerable property interests in Huntington Beach, has recently returned to Attadema after a brief visit here. She came for the purpose of looking after her holdings.

Mr. and Mrs. W. L. McKenney entertained during the holidays a party composed of Mr. and Mrs. George Hart of Riverside, Miss Jean McKenney of Riverside, Rev. and Mrs. C. R. G. Poole, Miss Dorothy Poole, Franklin Poole, of Los Angeles.

Mrs. C. D. Heartwell will be in charge of the next meeting of the W. C. T. U., which will be held this afternoon at the home of Mrs. S. Jennie MacDonald on Ocean avenue.

Mr. and Mrs. M. Lindsley have removed to Los Angeles for the benefit of the health of Mrs. Lindsley.

Mr. and Mrs. R. H. Sanborn, Mr. and Mrs. Howard Sanborn, Miss Marie Hyatt of San Gabriel and Mr. and Mrs. Robert Heffner of Los Angeles were holiday guests at the home of Manager and Mrs. H. L. Heffner of the Huntington Beach Company.

Mr. and Mrs. Scott Wiles of Santa Ana, Sherman Brunton of Santa Ana, Miss Flora and Miss Edwina Brunton of Riverside were guests at the home of Mr. and Mrs. J. E. Brunton.

Mr. and Mrs. Thomas Jammit of Downey, Mrs. M. Caywood of Colorado, were among the holiday guests at the home of Mr. and Mrs. George Hammit.

Mr. and Mrs. Carl A. Horn have returned to Huntington Beach after a visit with Mrs. Flora Horn of Orange and Mr. and Mrs. M. M. Talbot of Los Angeles.

Mr. and Mrs. John P. Moore were holiday hosts of Mr. and Mrs. A. E. Yale and family, also Messrs. Leon and Wesley Yale of Santa Susana and Mr. and Mrs. A. T. Emory of Whittier.

Mr. and Mrs. G. Clifford Purcell and family of San Jacinto have returned to their home after a visit with Mr. and Mrs. F. M. Fleming.

Mr. and Mrs. Charles Marple and Mrs. P. B. Miles have returned from Santa Paula where they were the guests at the ranch home of William Marple, formerly of this city.

Mr. and Mrs. Carl Olson have returned from Sierra Madre, where they were the guests of Mrs. Abbie J. Greenfield.

Joseph C. Kerr of Toronto, Canada, has arrived in Huntington Beach for a visit with his mother, Mrs. John Kerr. He may decide to remain in California.

Mr. and Mrs. Owen D. Peters and family were present at a family reunion at the home of Mr. and Mrs. S. H. Peters in Los Angeles last week.

Miss Williamson of Santa Paula, one of the teachers in the Santa Paula schools, was the guest of Miss Maud Moore during the vacation period.

Mr. and Mrs. Roy Blougett are the parents of a daughter, born Christmas night.

Mr. and Mrs. C. H. Howard have been hosts during the week to a family party including Mr. and Mrs. George Case and family of Baltimore, Prof. J. J. Goetz and family of Long Beach, Mr. and Mrs. Roy Kennerly Smith of Los Angeles.

PAINFUL COUGHS RELIEVED  
Dr. King's New Discovery is a soothing, healing remedy for coughs and colds that has stood the test of nearly fifty years. For that cough that strains the throat and saps the vitality try Dr. King's New Discovery. The soothing pine balsams and mild laxative ingredients soon drive the cold from the system. Have a bottle on hand for winter colds, croup, grippes, bronchial affections. At your druggist's, 50c.

Going to Los Angeles take Crown Stages every ½ hour, round trip \$1.00.

# WAR TOLL IN LIVES AND DOLLARS REACHES MILLIONS CLOSE OF 1916

BY J. W. T. MASON  
(Written for the United Press)

COST OF THE WAR TO END OF 1916			
Great Britain	\$15,500,000,000	Italy	\$1,900,000,000
Russia	14,900,000,000	Turkey	550,000,000
Germany	10,500,000,000	Bulgaria	75,000,000
France	10,100,000,000	Rumania	50,000,000
Austro-Hungary	7,000,000,000	Other countries	150,000,000
Total	\$60,725,000,000		

CASUALTIES OF THE WAR TO END OF 1916			
	Killed	Wounded	Missing
Russia	1,500,000	3,200,000	2,500,000
Germany	1,000,000	2,500,000	250,000
France	950,000	2,200,000	490,000
Austro-Hungary	600,000	1,700,000	1,300,000
Great Britain	400,000	900,000	100,000
Turkey	100,000	250,000	90,000
Servia	65,000	150,000	85,000
Italy	70,000	175,000	90,000
Belgium	35,000	80,000	60,000
Bulgaria	25,000	60,000	15,000
Rumania	50,000	150,000	200,000
Total	21,245,000		

NEW YORK, Jan. 2.—Events of the past year have been disappointing to all of the principal European belligerents. The greatest victory of the year has not been won on any of the battle fields, but has occurred on the floor of the Russian Duma.

For the first time in the history of the Slav Empire, the Russian people were able, toward the close of the year, to act in concert, and to overthrow Premier Sturmer, a well-known bureaucrat and reactionary. The Duma forced a change in the Czar's government by a defiance of the bureaucratic regime that had become one of the great landmarks of the Russian nation's march toward democracy.

Compared with the indecisive conflicts on eastern and western fronts, the victory of the Duma stands out as the most positive and successful accomplishment of the year.

The entrance of Rumania into the war has provided the most dramatic spectacle of the twelve months' conflict. There is every reason to believe that the western allies did not want the Bucharest government to break its neutrality. The chance of a successful German campaign such as followed the belligerent action of the Rumanians, was well realized in London and Paris. But, imperialists desire turned the heads of the Rumanian militarists at a most inopportune time for their ambitions. They plunged into the war after Russia expended most of her reserve ammunition in conquering Bukovina, and was consequently unable to be of large assistance to the Rumanian army.

Rumanians Outran Discretion. Furthermore, the Rumanians outran military discretion by plunging too quickly into Transylvania and by leaving their rear, in Dobruja, insufficiently protected. An opportunity for the use of high strategy was thus presented to the German General Staff, and in the trial of military genius that followed, the German commanders wholly outclassed their Rumanian and Russian opponents. Thus, an adventure that might have resulted in cutting Teuton communications in the Balkans has ended, for the present, in large material advantage to the Germans who are now in possession of valuable Rumanian grain and oil fields.

The British and French started this summer their combined western offensive, in an effort to demonstrate whether the trenches constructed by the Germans under the most skillfully developed scientific methods, could be overcome by an unprecedentedly intense concentration of artillery fire. The result, up to the end of the year, has tended to show that although fortresses built above ground cannot withstand besiegers' guns, defensive tactics underground seem to be superior to any but very prolonged bombardments, which, to be successful, must be confined to small areas.

The French forward movement at Verdun, undertaken while the battle of the Somme was in progress, may, however, change future military opinion of the comparative impregnability of trench warfare.

How the French made their quick and successful assaults along the Verdun front is not known. The assumption that the Germans were compelled to denude part of their Verdun line of men and guns, is not borne out by the fact that comparatively unimportant sections of the Verdun front were broken. The French higher command may have discovered a new flanking system, applicable as yet only to the local conditions prevailing at Verdun, but possibly capable of wider development.

Italy's capture of Goritz this year is her most important success of the

war. Its effect, however, is partly lost by the advance the Austrians have made in the Trentino districts. Italy more than holds her own on a balancing of accounts, but the year's developments have indicated that the Italian government is not prepared to pay the cost of victory with continuously large casualty lists. The chance of capturing Trieste on these terms has not been shown to be to Italy's liking.

Germany's Verdun campaign brought very serious losses to her during the year, without compensating advantages. The destruction of Teutonic main power in that ill-advised adventure cost General von Falkenhayn his post as Chief of the German General Staff. The promotion of Marshal von Hindenburg to the supreme command was followed by brilliant victories in Rumania.

## THE MARKETS

NEW YORK, Jan. 3.—Thirty-one cars California navel, one Arizona navel, and one car California lemons sold. Oranges lower. Lemons unchanged. Arizonas lower. Weather cloudy.

**Los Angeles Produce Market**  
In the green goods market there was considerable activity. Celery of the best grade was moved up to \$3.50 a crate. Cauliflower went up to 75 cents a dozen, or \$1.55 a crate. Peas, beans and similar vegetables were scarce and high where obtainable.

Northern turkeys showed a slight advance, selling from \$2.60 to \$2.80 on the best stock. Other turkeys were also firm and moving freely. Australian Brown onions were up to \$4.25 as a wholesale figure, and sweet potatoes moved up to \$3.50.

Receipts for the holiday and Sunday previous totaled only 138 cases of eggs; 106,500 pounds of butter; 2900 pounds of cheese; 8873 sacks of potatoes; 400 sacks of onions, and 4038 boxes of apples.

**CURRENT PRICES**

BOARD OF SUPERVISORS

HELLMAN RANCH

BE PUT UNDER

DRAINAGE

Manager Granted Permission to Place Ditch Beside Westminster Road

Fred Bixby, manager of the Hellman ranch, was today granted a petition to dig a drainage ditch beside the Westminster road from Los Alamitos road east as far as the Hellman ranch extends. His petition stated that he is putting in a drainage system to cover the entire Hellman holdings, which comprise about 3000 acres between Seal Beach on one side and almost to Stanton on the other.

**Given Permit**  
Mrs. A. L. Reid was granted permission to put a pipeline across a county road in the Garden Grove district.

**Insurance Report**  
W. S. Gregg, who has charge of the compensation insurance for the county, reported to the supervisors today that during 1916 the county paid \$2948.54 for its insurance for employees. Accidents reported by Gregg

M. M. DIRECTORS

ARE NAMED AT

ANNUAL FEAST

LAST NIGHT

Stimulating Discussions and Talks Mark Enjoyable Occasion

Election of a board of directors and talks marked the annual banquet of the Santa Ana Merchants and Manufacturers' Association, held last night in the banquet room of the Odd Fellows' building. The directorate, nominated by this committee, E. B. Trago, J. Clyde Horton and E. B. Smith, was elected as follows:

Lester L. Carden, R. R. Miles, H. P. Rankin, E. L. Roberts, Jr., E. T. McFadden, H. H. Dale and A. G. Flagg. Roberts was the only member of the out-going board to be re-elected. The other members of the old board were:

C. H. Chapman, president; F. W. Wiesseman, vice-president; J. S. Smart, E. M. Galbraith, Sam Stein and D. F. Cook. Roberts was treasurer of the old board.

**To Meet in Week**  
The new board of directors will meet in about a week to organize.

The banquet, which was served by the Dragon Confectionery Company, was most enjoyable. A spirit of jolly good fellowship reigned and from every standpoint the occasion was a huge success.

While the nominating committee retired to deliberate short and informal talks on various subjects were given. Chairman Chapman first called upon J. S. Smart of the Santa Ana Wholesale Grocery Company. Smart called attention to the great amount of good done by the Merchants' Association and then briefly outlined how it would be possible for the organization to maintain a credit bureau, by means of a sliding scale of dues based upon the amount of business done monthly by a firm. In other words the fund for the maintenance of the bureau to investigate and keep tabs on credits would be furnished by firms in proportion to the volume of business done by them.

Walter Vandermaast, next called upon, stated his belief that more good could be derived from the weekly luncheons given by the association were city and possibly county officials to appear at the meetings and make speeches regarding the conduct of various municipal and county departments. Vandermaast said that it was

HEAD AND NOSTRILS

STUFFED FROM COLD

"Pape's Cold Compound" Ends a Cold or Grippe in a Few Hours

—Your cold will break and all grippe misery end after taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute. —Advertisement.

DIRECTORS NAMED

BY S. A. MERCHANTS,

MANUFACTURERS

LESTER L. CARDEN, Hill & Carden clothing.  
R. R. MILES, Miles Shoe Company.  
H. P. RANKIN, Rankin Dry Goods Company.  
E. L. ROBERTS, Roberts-Oliver Lumber Company.  
E. T. McFadden, McFadden Hardware Company.  
H. H. DALE, Dale-Vincent Manufacturing Company, well casing.  
A. G. FLAGG, Flagg & Campbell, printers.

surprising how little most people knew of what was actually being done and what progress was being made as regards the administration of the city's affairs. He said that for "the men who knew" to appear at the merchants' luncheons could not help but be beneficial.

E. A. White gave it as his opinion that the luncheons should be held in the evening instead of at mid-day. It was brought out that the luncheon committee is considering the advisability of making the change.

**Holes in Streets**  
J. P. Baumgartner stated that Vandermaast's suggestions reminded him of what he called the old thorn in his side, namely the fact that the practice of tearing up the city's streets for laying pipe and doing other work and then failing properly to repair the surface was continuing. Baumgartner was most emphatic in denouncing the failure of those responsible to see to it that when a hole is made in the street it is filled up again as it should be. He called attention to the fact that a visiting motorist from Riverside the other day ran into a hole that had become filled with water, damage to the automobile and great inconvenience to the motor party resulting.

"I have never seen one of those holes that had been fixed right," said Baumgartner.

In connection with the question of what steps might be taken by the Merchants and Manufacturers' Association to secure a remedy for the condition pointed out by Baumgartner, C. S. Kendall stated that in his belief it was imperative that there be greater attendance at the luncheons given by the association. Kendall stated that he would like to see, during the present year, a regular attendance of from seventy-five to a hundred members at each luncheon. A resolution or suggestion to the city trustees or board of supervisors from several score of merchants, Kendall stated, could not help but have very much more weight than an expression from but a mere half dozen.

**Urges Campaign**  
Urging a campaign of personal solicitation to get greater attendance at the luncheons, Kendall volunteered himself to see twenty members of the association.

On E. A. White's motion volunteers personally to call upon merchants with the view to increasing the luncheon attendance were called for. J. P. Baumgartner volunteered to call upon ten merchants, C. W. Burns 10, C. H. Chapman 10, E. A. White 10, Walter Vandermaast 10, E. M. Galbraith 10, George Kryhl 10.

E. B. Smith announced that it had been decided to postpone until one week from today the luncheon that was to have been held this noon. Smith urged upon the new directors the necessity of attending every meeting of the board.

AT THE COURTHOUSE

WHO WILL BE OUT

\$500 SECURED BY

WEAVER, A CROOK?

The question as to who will have to stand the loss of \$500 with which L. H. Weaver, crook, absconded last June, is being threshed out before Judge Thomas today. Weaver was employed by Charles L. Davis, Santa Ana garage man. He traded a machine to Attorney E. J. Marks of Fullerton for an old machine and \$500, and departed with the \$500.

Davis, represented by Attorney Clyde Bishop, sued Marks, asking \$500, and Marks replied through Attorneys H. H. Coyle and H. C. Head that the deal was completed so far as he was concerned, that he proposed to keep the automobile he secured from Weaver, and did not propose to dig up another \$500 for Davis.

The question of the limitation of the powers of an agent is involved. Davis testified that Weaver had no authority to make the deal. The defense takes the ground that Marks dealt with Weaver as a principal, and that the deal was completed and must stand.

**Estate of \$93,300**  
Administration of the estate of William Henry Crowther was sought today in a petition filed by Attorneys
